TAX RATE BATTLE OF REDUCED GIANTS ON 6 CENTS

Board of Supervisors Fix Alameda County Levy for Oakland

Three-Cent Exposition Toll and Election Fund Included in the List

As forecasted in last night's TRIBUNE, the board of supervisors yesterday afternoon fixed the county tax rate for Oakland at \$1.22, a reduction of 6 cents from last year's rate. The general rate was set at 58 cents, which, on a valuation of \$215,853,735, gives the county an income as great as that enjoyed last year on a 94-cent tax on \$187,314,667.

The new rate is made up as follows:

GENERAL COUNTY RATE.

State rate for P. P. I. E.	1.044
County general fund	.131
County infirmity fund	.086
Salary fund	.11
Common school	.30
Exposition	.02
Total	1.692
Rate outside incorporated cities	.40

INSIDE OAKLAND.

Oakland grammar school, Spec.	.13
Oakland high school, special	.15
Oakland school board	.06

SPECIAL REDEMPTION TAXES.

Special bond redemption taxes will be levied as follows: Berkeley, .12; Fruitvale, .16; Castro Valley, .08; Highland, .22; Laurel Grove, .10; Lockwood, .12; Melrose, .12; Oakland, .06; Ocean View, .08; Piedmont, .06; Pleasanton, .12; San Lorenzo, .08; San Leandro, .12; Centerville, .20; Union High school district No. 4, .06; No. 3, .06; Niles, .26; and Alviso, .22.

For the maintenance of the high schools of the county the following rate will be charged: General high school fund, .04; Oakland high school, .16; Berkeley high school, .24; Alameda high school, .20; Union High School No. 1, .34; No. 2, .10; No. 3, .24.

Grammar school taxes will be raised in the various districts as follows: Oakland, .13; Berkeley, .20; Alameda, .24; Piedmont, .08; Emeryville, .06; Albany, .16; San Leandro, .16; Hayward, .52; Irvington, .22.

The inside tax rate for the three large cities of Alameda county will be as follows: Oakland, 1.32; Berkeley, 1.44; Alameda, 1.32.

LED DOUBLE LIFE FOR YEARS

Crucial Baseball Series Between Contenders for Penant Begins Today

Oaks and Tigers to Fight for Place at Top of List; Malarkey in Box

LOS ANGELES, Sept. 17.—All primed for one of the most crucial series of the Pacific Coast League the Oakland team, now leading the penant-chasers, but by a very narrow margin, opens a seven-game engagement, its last in the south this season, with Hogan's Vernon team at Washington park today.

The standing of the three leaders may be entirely changed by the outcome of the series. If Vernon takes five of the seven games, and Hogan says they will, Oakland would be shoved from first place, but who would be the leader then depends entirely upon the performance of the Los Angeles team, now occupying second place.

Manager Sharpe figured on sending Harry Ables, who has been a stumbling block to Vernon all season, to the firing line in today's game, while Manager Hogan indicated he would use Baum, who declared he was now in perfect condition and able to pitch nine innings. Ables and Agnew, it was stated, would do the receiving.

An hour after they had announced their probable batteries for today's game, both Managers Sharpe of Oakland and Hogan of Vernon about-faced and said they would make a change. Sharpe said he would put Malarkey on the mound, while Hogan, somewhat skeptical as to Baum's condition, said he would pitch Castleton.

Advance ticket sales insured an attendance equal to any of the year.

Second Oldest Boat To Be Fair Exhibit

BOSTON, Sept. 17.—As one of the exhibits at the Panama Pacific exposition in San Francisco, the old schooner Hiram, with one exception the oldest vessel of American build afloat, is to be fitted out here and will leave shortly on her long trip to the Pacific. The Hiram was built at Biddeford, Me., 93 years ago and has been in active service ever since.

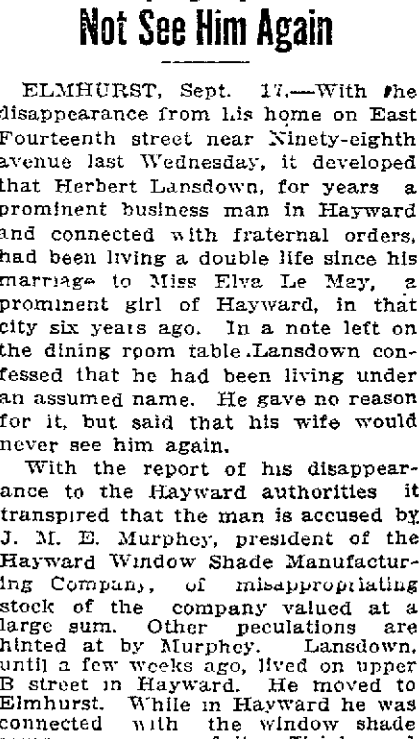

Frank C. Havens' Boat Avis Wins Again in East

Word was received in Oakland today by friends of F. C. Havens that his motorboat Avis yesterday won the first heat in a cup race at New York by a narrow margin and that it was expected the boat would win the next two heats easier. The Avis has already won three cup races. This is regarded as an exceptional record for a nine-year-old boat. Mr. Havens and family, as usual, have been spending the summer at their Atlantic coast residence.

Tugs Rescue Engle After He Has Floated Four Hours

CHICAGO, Sept. 17.—Tugs were dispatched this afternoon to search Lake Michigan for A. J. Engle of Cleveland, O., who started on an hydroplane flight from Clarendon Beach to the aviation meet in Grant Park.

Engle was rescued two miles off shore after he had floated helplessly for more than two hours on Lake Michigan with a disabled engine.

Receive Bids for Key Route Work

Eight bids were received by the San Francisco-Oakland Terminal Railways Company this afternoon at the office of Vice-President W. A. Alberger for the three-mile rock wall and fill for the Key Route mole and development of the Key Route basin and for cutting a tunnel through the hills of the right of way of the company. The bids will be computed by engineers of the company and the award of contract which will amount to three quarters of a million dollars, will be made in about 10 days.

The bids call for a rock wall, bulkheading timber trestles and for putting through a cut and tunnel in the hills, the material taken from the cut to be used in building the walls in the Key Route basin. The bidders were as follows: Bates Portland & Ave of Oakland, Healey & Tibbitts of San Francisco, Robert C. Storrie Company of San Francisco, Whitt & Burr of San Francisco, City Street Improvement Company of Oakland, Mahoney Brothers Inc. of San Jose, E. R. & A. L. Stone of San Francisco and a company of San Francisco.

Portland Man Slain While in Automobile

Body Found on Road Outside Portland; Two Men and Woman Sought.

PORTLAND, Ore., Sept. 17.—Harry Barr, owner of a number of automobiles used in public service and a member of a prominent Portland family, was found murdered today on the Linton road, a popular automobile drive in the northern part of the city. Later his blood-stained automobile was found in the southern section of Portland, many miles from the scene of the murder. The police are searching for two men and a woman who are supposed to have been riding in Barr's car.

A further examination of Barr's body showed that he had been shot behind the left ear from close range and that he had been robbed. Detectives have discovered that Barr took a party from a local hotel to a resort on the Linton road and started back for Portland to pick up another party.

ROBBERS FLEE IN AUTO

San Mateo City Attorney, Shot in Bold Hold-Up, Is Expected to Recover

Crime Boldest in Many Years; Passengers on Two Electric Cars Are Robbed

SAN FRANCISCO, Sept. 17.—There is hope that Charles N. Kirkbride, city attorney of San Mateo, who was shot twice by a masked trolley car highwayman last night, may recover. Dr. Wood C. Baker, his physician, said this morning that Kirkbride would be taken to the Red Cross Hospital for an X-Ray examination.

One bullet perforated the left thigh, slightly above the knee, the other entered the torso just below the level of the shoulders and, deflected by a bone, passed downward and appears to be resting in the abdomen. Probing has been impossible because of the length of the course traveled by the bullet.

A radiograph will determine its exact location and will indicate whether or not an operation is wise. It was first thought that Kirkbride had been shot through the head. When the blood was cleared away it was seen that his skull had been grazed, but not penetrated by a third bullet.

POSSE ON TRAIL.

Sheriff Shield and a posse of several men were still scouring the countryside this morning in an automobile for the robber and his accomplice, but his office was without news from him. Nor had the San Francisco police, who are also working on the case, the slightest clue.

Kirkbride was shot early this morning while returning home from San Francisco on a suburban trolley car by one of two masked highwaymen who also held up another car and shot at the conductor, but did not wound him.

Kirkbride is a second lieutenant of the Eleventh Company, Coast Artillery, National Guard, known as the "Millionaire Company" of San Mateo. With him were Captain Fielden W. Waggoner and Lieutenant George Duffey.

HOLD-UP CARS.

At Easton, about a mile from Burlingame, the two highwaymen, one working on the ground, the other going through the car, covered the motorman of the San Francisco bound car and forced the conductor to go through the pockets of his passengers. When he demurred one of the robbers shot at him. From this the first car robbed was taken about \$20, including \$30 from the conductor, \$14 from one passenger and lesser amounts from others.

Shortly after along came the south-bound car, which was halted in the same manner. Again the conductor was forced to walk down the aisle, passing the hat, while the other robber kept the car covered. This (Continued on Page 2, Col. 4)

MRS. OROZCO FEARS FOR HER HUSBAND

Eagerly Awaits Word That Leader of Revolutionists Is Safe

EL PASO, Sept. 17.—A special to the Herald says:

When the rebels captured El Tigre they arrested and are holding Superintendent L. R. Budrow, Assistant Superintendent Mishler and H. L. Nix, manager of the store, until a \$100,000 ransom is paid. They threatened to confiscate the bullion that has been accumulating for several weeks owing to lack of railroad facilities. Grave fears are entertained for the safety of Americans in El Tigre, including six women.

REBELS LOOT STORE.

DOUGLAS, Ariz., Sept. 17.—A message received from El Tigre, the American Mining Company in Sonora, which was captured Saturday by rebels under General Inez Salazar, said that the main body of rebels departed after looting the company store. Thirty rebels were left in camp to await a reply to their demand for ransom and protection money.

The rebels threatened to carry away L. R. Budrow, superintendent of the store, if they were not paid.

Assaults Officer on Way to San Quentin

SAN FRANCISCO, Sept. 17.—Making good his threat upon the officers of the law for the plight in which he finds himself, James Lawlor, former lightweight prize fighter, who recently was sentenced to a term of five years in the penitentiary for playing a young girl in a disorderly house, made an assault upon Deputy Sheriff William H. Woodall today on a ferryboat while being transported to San Quentin prison. He was prevented from rendering Woodall senseless by United States Immigration Inspector John Robinson, who was a passenger on the boat and went to the deputy's assistance. The two officers, Robinson and Lawlor, were taken into submission.

French Aeronaut Ascends More Than Three Miles

VILLA COULRAY, France, Sept. 17.—George LeGagneux, a French aeronaut established a new world's record for altitude today, his machine attaining a height of 15,200 feet. The brave holder of the world's altitude record was Roland G. Garros, who on September 6 ascended in a monoplane at Boulogne, France, and reached a height of 14,200 feet.

Commissioner Baccus Ill of Tonsillitis In Hospital

W. J. Baccus, commissioner of streets, was taken to the Providence hospital last night suffering from a severe attack of tonsillitis. Dr. O. D. Hamilton was in attendance. Baccus is 42 years of age.

He was suddenly stricken with the ailment about several days ago while in the balance. For several weeks he has been recovering from a severe cold and the business of the street department from his room at the hospital.

The city council adjourned this morning without transacting any business on account of there being no quorum. Mayor Frank K. Mott is in Honolulu county on his vacation and Turner is out of town on official business. THE ANTI-ANNEXATION COMMITTEE WILL CALL ON YOU

Drop Your Knitting and See Them

A large number of men of enterprise are giving their time to fight the dismembering amendment to the constitution that is being actively pushed by San Francisco and must be as actively resisted by its intended victims. These gentlemen are calling upon our business men and property owners to secure their active co-operation. When these committees call don't put them off. Their business is the most important you can have just now. You are needed. The call is for your active interest and participation. Hold up the hands of these committees, join your energy to theirs—they have on their war paint; put on yours and make the fight a united, cheerful and vigorous charge on the enemy for the good and greatness of Oakland.

CRUCIAL BALL SERIES BEGINS

Oas and Tigers Start Important Week's Contest at Los Angeles.

(Continued From Page 1.)

One of the hardest series of the season, friends of "Happy" Hogan, the fiery leader of the Vernon team, began wondering why he had seemingly lost his former vim, exhibited so realistically at the third base coaching line all around the circuit.

At Vernon headquarters today one "fan" ventured the opinion that the Vernon team was "sitting" and that Hogan had lost his old-time fighting spirit. This "venture" brought from Hogan a most emphatic denial. Instead, it brought a seeming deft to Al Baum, president of the Coast League.

**CAN'T GET "GOATS."**

"There is a salary of just \$500 attached to my job, and if you want to take the job the salary is yours," said Hogan. "I don't get out on the coaching line and pull the stuff I once did, because Mr. Baum, president of our league, fines me every time I do or say anything unusual."

"I have paid just \$760 in fines this season, and if anyone will volunteer to stand my fines I will fight him on the coaching line and get their goats, as I did before the league president put the soft pedal on me."

GAMBLING IN NEW CLUB PROHIBITED

Chief of Police Declares His Men Will Keep Eye on Place.

"If there is no violation of the law at the Gayoso club, we cannot interfere with it," T. Bush, one of the managers, visited yesterday and told me they intended opening up. I told him to go ahead, but that the moment there was any gambling there we would be after him and close him up in a hurry. But card playing, which is not a violation of the law, is not a violation of the law at this place."

Chief of Police Walter J. Peterson made the above statement this morning when asked concerning the opening of the Gayoso club at Twelfth and Franklin streets last night. Asked whether the doors of the club would be open and whether his officers would have free access to the club rooms at all time, Peterson declared that this privilege had been insisted upon.

"Will your men visit the rooms frequently?" the chief was asked.

"You bet they will," Peterson answered emphatically.

The club rooms are among the most sumptuously furnished in the city, and the place was thronged with visitors last evening. The monthly, according to the managers, will be made up of business and professional men. The club at present does not enjoy a privilege from the city to dispense liquors.

'AD' MEN MEET AT LUNCHEON AT FORUM

Thirty-six guests sat down at the noon luncheon given at the Forum today under the auspices of the Oakland Advertising Association. A feature of the informal discussion that marked the gathering was an interesting talk by Arthur J. Brunner on "Photography in Advertising." Ways and means were discussed also for broadening the activities of the organization and deepening its studies of the profession in which its members are engaged. Similar luncheons are to be arranged in the future.

MAYOR ROLPH IS UPHELD BY COURT

His Authority to Try Charges Against Commissioners Sustained.

(Continued From Page 1.)

SAN FRANCISCO, Sept. 17.—Superior Judge Seawell this morning decided in favor of Mayor Rolph and sustained his authority to try the charges preferred against Police Commissioner Isaac Spiro and Fire Commissioner Donohoe, which resulted in their suspension 10 days ago.

Following the filing of charges against the two commissioners an order to show cause and a restraining order was returned by Attorney Choyenski preventing the mayor from proceeding with the trial. Attorney Theodore Roche entered a demurrer in both cases and these were sustained by the court today.

"In my opinion, the matters charged before the mayor against the petitioners, said Judge Seawell, belong to a class which he has authority to try. They relate to the conduct of a certain member of the board of police commissioners. It appears that no question that is now raised. It is against public policy for the court to tie the hands of an official in this fashion. The obtaining of restraining orders frequently take up the time of the court and are a demerit to the public service. The mayor is charged with a public duty and we are to assume that he is ready to perform it. I am aware that in other cases the court has restraining orders permanent, but when the facts were presented, as in this instance, a violation of the charter was shown. The demurrer is sustained and the order to show cause is discharged in both cases."

The court also declared that if the accused were not satisfied with the mayor's decision the proper procedure would be to obtain a writ of review. He sustained in every particular the authority of the mayor to proceed.

Attorney Choyenski was present as representing the commissioners and Attorney Kelley appeared for mayor's counsel, Attorney Roche.

Several amendments are to be made in the charges against the commissioners, and in order to give time for these changes the trial of Commissioner Spiro was set for Thursday afternoon at 1 o'clock and that of Commissioner Donohoe for Friday.

Inscription on Grave Of Girl Causes Row

APPLETON, Wis., Sept. 17.—Unless a monument over the grave of a little girl in the cemetery in the town of Maine, this county, is removed this week or its inscription entirely obliterated, the Municipal Court will be asked to order the father of the dead child to remove it.

This case is caused by the wording of the epitaph:

"Laura lies in this grave and lot. She was shot by Guy and Jackie Scott."

Laura Freeman, 8 years old, daughter of Sidney J. Freeman, was accidentally shot and killed by "Jack" Scott, aged 11, last March. George Scott, father of the boy, objects to the epitaph.

DEMAND REMOVAL OF COLLECTOR OF CUSTOMS

WASHINGTON, Sept. 17.—Charges against Robert W. Dow, collector of customs at Eagle Pass, Tex., demanding his removal from office, have been received by President Taft, and action is to be taken within a day or two. The name is a successor is under consideration. During the Madero rebellion serious charges relating to the enforcement of the neutrality laws were made against Dow, but were not acted upon.

mining company, and to destroy the company's \$2,000,000 plant unless he turned over \$100,000 in American money. The rebels also threatened to carry away \$50,000 in bullion.

**DEMANDS RANSOM.**

Inez Salazar, the rebel leader, who captured El Tigre Saturday, demanded \$1,000,000 from the company owning the El Tigre mine on threat of destroying the plant. It is said the rebels carried off a large amount of bullion as well as Superintendent L. R. Budrow and Assistant Superintendent R. T. Misher, who are now being held prisoners.

**MRS. OROZCO ANXIOUS.**

LOS ANGELES, Sept. 17.—After a sleepless night, Mrs. Pascual Orozco passed an equally tense day today vainly awaiting word of her husband, the leader of the Mexican rebellion, whose situation is reported desperate.

Mrs. Orozco's mother-in-law, wife of Colonel Pascual Orozco, who was captured by United States troops on the American side of the border, has taken to her bed, and is worried over the fate of the colonel.

She said today that while she was glad her husband had fallen into the hands of Americans, she was in doubt as to his ultimate fate, because Mexican federalists would certainly kill him if he were turned over to his fellow-countrymen by the American authorities in Texas.

**FAITH IN HUSBAND.**

Mrs. Pascual Orozco Jr., wife of the rebel commander, declared that she did not believe her husband was among the six insurgents officers who crossed the line incognito and were arrested by United States authorities under assumed names.

"Though it means death," she said, "my husband, I know, will remain with his men, where he is most needed."

Nevertheless she eagerly awaited word from friends in Texas to whom she wired instructions to learn definitely whether her husband was among the captives now in the custody of the United States authorities. Mrs. Orozco, with her mother-in-law and family, came to Los Angeles some months ago.

Andrew Mack Plays With Aching Heart

Receives News of Sister's Death While Audience Is Entering Theater.

No one in last night's audience at the Liberty theater which laughed and applauded Andrew Mack in the rollicking character of "Tom Moore" suspected that the wonderful spirit and fire of his performance was the result of the tremendous effort the actor was making to conceal an aching heart. A half hour before the actor was to appear before the audience a telegram was brought to his dressing room announcing the death in New York city of Miss Etta Mack, his only sister whom he idolized. The blow was so sudden that he hesitated to cancel the performance, but the audience had already begun to file into the playhouse and the actor was true to his profession and continued his agony while he strove to amuse.

FEAR MORE SERIOUS TROUBLE

DOUGLAS, Ariz., Sept. 17.—If the Mexican government should permit the United States troops to cross the international line to protect Americans in Mexico a revolution might occur much more serious than the present one. This was the opinion expressed by General Sangines, commanding the federal forces in Sonora, who spent several hours in Douglas today.

Such an act would be bitterly resented by the great mass of Mexican people, said the general, and there would be no safety in Mexico for either the United States or the Mexicans.

"We have the Sonora situation well in hand," said General Sangines, "and hope within a very short time to be able to guarantee perfect safety to all Americans desiring to return. Until that time we do not want them to return."

**FEW IN DANGER ZONE.**

"I don't believe the Americans remaining in the places that have federal troops are in any danger, as there are few, if any, remaining in the exposed places. I have ordered reinforcements to Nacozari, but I don't believe there will be an attack on that place. It is too well protected now and the rebels are not organized."

General Sangines said that the effect of the capture of General Orozco, while of moment to the personal followers of the rebel leader, might have no effect in ending the revolution because most of the rebels were not fighting for a cause.

**NOT FOR PRINCIPLE.**

"I consider," continued the general, "that none of the rebel bands are fighting for a principle except the Socialists element. The others are fighting without a flag and they are merely bandits."

"Salazar is a Socialist leader, but Rojas is just a brigand, and I do not think they will join forces."

Asked as to the next probable move by the rebels operating south of here, General Sangines expressed the opinion that they would return to the vicinity of the border. This would be a move that likely the plan of Salazar's rebels, as that leader probably is desirous of converting the bullion he lifted at El Tigre into money.

The general declined to discuss his plans for ridding Sonora of the rebel bands.

TO BE SHOT FOR COWARDICE

DOUGLAS, Ariz., Sept. 17.—The Mexican federal officer responsible for holding back reinforcements for El Tigre while the rebels under Salazar were attacking the town, will be shot for cowardice, according to General Sangines, commanding the federal forces in Sonora. The general made an emphatic statement to this effect today.

General Sangines said that troops sent from Nacozari to the relief of El Tigre had arrived within ten miles of the town two hours before the town was captured.

"As soon as I find out who was responsible he will be executed," said the general.

The intended reinforcements arrived while fighting was in progress, swung off in a different direction and into camp within sound of the fighting. Consulting Engineer J. W. Malcolmson today authorized the offer of a reward of \$5000 for the recovery of the twenty-one bars of bullion taken from El Tigre by Salazar yesterday. It was believed that an attempt would be made to smuggle it across the line.

CHARGE OROZCO WITH MURDER

EL PASO, Sept. 17.—Charges of murder are contained in the extradition proceedings filed here against Colonel Pascual Orozco Sr., held by United States troops at Presidio, Tex. It is understood a similar charge will be entered against his son, General Pascual Orozco Jr., leader of the Mexican revolution in the north, if captured on American soil. United States and Mexican officials continue denial of persistent rumors that the younger Orozco is held among the prisoners at Presidio.

In the extradition proceedings against the elder Orozco, made by the Mexican consul at El Paso, he is charged with murder committed in the city of Juarez, when it was reported that the rebels who then held Juarez had executed a number of federal spies.

Colonel Orozco has telegraphed friends here that he is illegally held at Presidio since he crossed to the American side unarmed. He asks that attorneys be secured for his defense.

TUCSON, Ariz., Sept. 17.—Federal

**SMITH DETERMINED.**

LOS ANGELES, Sept. 17.—The senatorial committee named to investigate the report that American capital had inspired and was keeping alive the present rebellion in Mexico, announced today through William Alden Smith of Michigan, chairman, that the first session of the committee would begin late today. Senator Smith had not definitely decided who the first witness would be.

"The investigation will be thorough," said Senator Smith. "We intend to find out who these reports are true and if not, who started them and for what purpose. Los Angeles will not be the only place where hearings will be held. We will go to El Paso from here and from there to other cities. We have plenty of time and will use it to good advantage."

time the robbers got a richer haul. There were ten passengers on the car besides Kirkbride and his friends. One of them, David Reiss, a jeweler, lost a watch valued at \$100, besides all his loose cash. The motorman was cleaned of nearly \$40.

The robber, who took command from the platform of the car, worked rapidly and coolly.

KIRKBRIDE IS SHOT.

While the conductor was passing the hat Kirkbride thought he saw a chance to dodge from behind him and grapple with the robber. He had scarcely got to his feet when the robber opened fire with an automatic pistol and Kirkbride fell.

"I guess that will hold him," said the robber in a strong foreign accent as he kept the rest of the cowed passengers covered.

"I don't know what made Kirkbride rise," said Lieutenant Duffy, in describing the shooting. "I thought at first he was merely trying to escape, but he made straight at the robber. The robber fell at the first shot and the robber shot again as he fell, swearing as he shot."

"The robber deliberately gathered up the loot and warned the passengers not to attempt to follow him as he left the car."

"I should say the man was about 5 feet 5 inches. He wore dark clothing and had his hat pulled down over his eyes, while a white handkerchief masked the lower part of his face."

An automobile driving rapidly, with two men in it, was seen near Burlingame about half an hour after the hold-up.

Increase in Price For Lodi Wine Grapes

LODI, Cal., Sept. 17.—With the express intention of getting the Lodi Co-operative Winery to buy 10,000 tons of grapes at \$6 and \$7 a ton, it is believed throughout the local vineyards this year they will see a substantial raise in the price of grapes and that the end of 45 wine grapes is now in sight. The latest offer is a considerable advance over the price given by the California Wine Association. Offers of \$10 a ton are made from San Francisco, but first-class stock is demanded at this figure.

The prices given for table grapes in New York are gratifying to the California vineyardists. In the Eastern markets yesterday cars of Lodi grapes brought \$1000 to \$1100 per car.

'LORD' THOMAS B. HENRY SENT TO SAN QUENTIN

"Lord" Thomas B. Henry, who was convicted of obtaining \$100 on a fraudulent mortgage, was sentenced to three years in San Quentin by Superior Judge Ellisworth this afternoon. The Court denied his motion for a new trial. His attorney announced that an appeal would be taken from the Court's ruling.

There are three other charges against Henry, and Assistant District Attorney Hynes announced that he would press them at once.

George German, who held up a dairyman in East Oakland on June 26, and obtained 20 cents and a pocket knife, was sentenced to eight years in San Quentin by the same court today.

BRINGS \$100,000 LIBEL SUIT AGAINST GAYNOR

NEW YORK, Sept. 17.—Mayor Gaynor was served with a summons in a \$100,000 libel suit brought against him by Alderman Curran, chairman of the aldermanic committee investigating graft in the police department. Curran alleges that the mayor made remarks derogatory to his character in connection with the investigation.

REWARD!

Bertillon's Man on Washington Street

We were compelled to change men because so many people had our first man spotted and it was too easy for the people to pick him out—so tomorrow we have a new man again.

You don't have to be a detective to find him. Ten men recognized our man on Broadway on Monday, ten men picked him out on Tuesday and were rewarded with two hat orders. Tomorrow he will be on Washington street between Seventh and Fourteenth street.

"Hello, Bertillon! You've got a hat to fit your face," has been taken up by men and women wherever a smart Bertillon hat is seen. Don't feel embarrassed if some one should take you for Bertillon's man. It's a compliment. Bertillon's man will be seen on Washington street between Seventh and Fourteenth, between 2 and 5 p. m. tomorrow, Wednesday. He'll be wearing a new hat. Fourteen new Bertillon hats which are so stylish this season, exactly like his picture. Try your hand at detective work. The reward is worth while—a new Bertillon hat free. All you have to do is if you think you see him or have him spotted, simply walk up to him and say: "Hello, Bertillon! You've got a hat to fit your face."

If you pick him out you'll receive a hat order from him right on the spot.

He'll be on Washington street tomorrow between Seventh and Fourteenth between 2 and 5 p. m. You must catch him on that street. Watch for him. Get him if you can. California's greatest hat store—Bertillon's—is at 1025 Broadway, between Tenth and Eleventh streets.

PROMOTERS OF ROAD ON INSPECTION TOUR

BELLEVILLE, Kas., Sept. 17.—Promoters of the Whipple-to-the-Gulf road, known as the Meridian Highway, reached here today on a tour of inspection which will take them over the entire route. The entire road, 1350 miles in length, has been mapped and located. More than \$2,000,000 in bonds have already been voted for the construction.

'ANOTHER WILL FILED.

SAN FRANCISCO, Sept. 17.—Another woman left by Juana Marshall, the aged woman who died recently, having lived 105 years, was filed by a distant relative today. The new testament will bring about three separate contests for the estate. The property is said to be worth \$100,000.

A Window Style Book of Hart, Schaffner & Marx

Suits and Overcoats

THE FALL STYLE BOOK of Hart, Schaffner & Marx is completely represented in one of our Washington street windows today. Suits and Overcoats at every price and in all the most popular models are shown in a great wealth of colorings and handsome fabrics.

Hart, Schaffner & Marx Men's Fall Suits

are shown from \$20 to \$35, the range including box-back coats, high-cut vests, peg-top trousers or more conservative types of the respective garments.

A particularly serviceable and smart appearing lot of steel gray diagonals and plain weaves in conservative models are featured at \$20

Beautiful tan homespuns, flecked with purple, are made up with three-button model coats, and a stylish line of brown and gray diagonals with two-button, box-back coats, also is included in the line at \$25

A narrow, dark striped Oxford worsted makes a particularly attractive suit at \$27.50; silver gray cassimeres striped with red; light gray tweeds with shadow stripe of blue; brown unfinished worsteds of distinctive weave, faintly striped and showing red and blue tones, and light tan tweeds with flecks of bright blue are among the assortment shown at \$30

A novelty woven chevot of unusually heavy weight in a model that is neither extreme nor too conservative, is a conspicuous example of the values offered at \$35

Hart, Schaffner & Marx Convertible Collar Overcoats

are shown in tans, grays and browns, all full-length, many of them being made of double-faced materials, having fancy plain backs which require no lining. A very extensive assortment can be represented very inadequately in the confines of our window, so come in and ask to see our entire line at \$20, \$22.50, \$25, \$27.50, \$30 AND UP.

# EAST OAKLAND CARNIVAL OPENS

Hundreds of Pleasure Seekers Throng 23d Avenue Grounds.

Crowning of Queen Anne and Parade Features of Tonight.

Hundreds of pleasure-seekers thronged the Twenty-third-avenue carnival grounds, at Twenty-fourth avenue and East Fourteenth street, this afternoon when the grounds were opened by the executive committee of the Colonial Social Club, that, with the aid of prominent merchants of the neighborhood, completed the arrangements for the fiesta. The many concessions and free attractions entertained the crowds, one of the most popular features being the band concert.

Tonight the carnival will be formally opened with the crowning of Queen Anne Oster by Commissioner William J. Baccus, who will place the coronet on her majesty's head following the grand parade. The queen will be attended by her maids in waiting, Miss Christina Stuart, Miss Sarah Peltand, Miss Hilda Larsen and Miss Alice Reitt.

**THOUSANDS OF LIGHTS.**  
The gala will start in a blaze of myriads of variegated electric lights centering at the carnival grounds and radiating east and west along East Fourteenth street, many blocks. A feature of the evening's activities will be the grand parade in which hundreds of horsemen will compete for prizes for horsemanship. The parade will be led by a contingent from Battery H, Field Artillery, N. G. C., in command of Captain R. J. Faneuf. On either side of Captain Faneuf will be the grand marshals, Dr. J. A. Hill of East Oakland and P. N. Hanrahan of Oakland, with Mrs. George Prescott as assistant to Hanrahan.

Other attractions of the pageant will be a contingent of cowboys and cowgirls mounted on mustangs. Queen Anne Oster will also be in the parade seated on a throne decorated in white and gold, surrounded by her ladies in waiting.

**LINE OF MARCH.**  
The parade will form at East Twelfth street and Twenty-second avenue at 5:15. It will march east along East Fourteenth street, then turn south to the Southern Pacific tracks, counter-marching along the same thoroughfare to East Fourteenth street, then east to Twenty-sixth avenue, counter-marching west to Twenty-third avenue and north as far as East Twenty-first street. From that point the parade will counter-march along East Fourteenth street to the fair ground at East Fourteenth street and Twenty-fourth avenue, where it will be dismissed.

Following the parade the coronation ceremonies will start and Queen Oster will be declared queen of the merry-makers for a period of five days, at the close of which there will be a mardi gras ball and confetti battles in the streets and carnival grounds. Numerous free attractions will be provided for the hundreds who will throng to the fiesta during the intervening days between tonight and Saturday evening. There will also be band concerts and open air free dancing.

## MOTORCYCLIST HURT IN BAD COLLISION

In a collision between an automobile driven by J. Friedman and a motorcycle ridden by James Critt, 628 Jones street, Critt was thrown from his machine and received severe injuries. Friedman placed the young man in his machine and took him to the Providence hospital, where he was cared for by Dr. De Pue. It was found that Critt was suffering from several bad contusions and possible internal injuries, but that his condition did not indicate serious complications.

# BRILLIANT DINNER TO OPEN IDORA PARK GRILL

Thursday Evening to See Notable Gathering at Beautiful Pleasure Resort

Next Thursday evening the newly decorated Idora Park Grill will be formally thrown open to the public. Sidney Polak's large orchestra will furnish music from 7 to 8 and several clever entertainers to be secured will add to the general festivity, the evening's entertainment. Tables may be secured for Thursday evening by reservation only. Many of Oakland's socially elite have already taken advantage of this opportunity.

In the decoration of the grill, the park's scenic artist has endeavored to produce a Japanese atmosphere that is at once effective and interesting. The grill fronts

upon the open-air theater, where at 8 o'clock the spectacular play, "At the Front," will begin and the diners may enjoy the entertainment. Although the formal opening of the grill does not take place until Thursday evening, on Wednesday the Oakland Club will give its first big luncheon of the season at Idora grill, and the same evening the Halcyn Club, a dramatic organization, will give their second annual dinner there. Mrs. W. W. Hargis will be hostess at the Oakland Club luncheon and Newark Lux will preside at the Halcyn Club dinner.

## TAFT FORCES TO DEPEND ON COURT

Will Not Circulate Petitions to Place Name of Electors on Ballot.

SAN FRANCISCO, Sept. 17.—No petitions to place the name of Taft on the November ballot are to be circulated in California. The national committee of the Republican party has decided that action in the federal courts will give the required relief to the Republicans of the state, and the committee has so advised the state committee.

## SECOND FLIGHT IN AMORAL FAMILY

Fifteen-year-old Girl Leaves With Young Business Man.

SAN LEANDRO, Sept. 17.—It developed that Miss Minnie Amoral, 15 years old, the daughter of Manuel Amoral, a prominent Portuguese land owner of this city, eloped last Sunday with William Souza of Fremont. Souza is a business man of that place and is 25 years old. The local authorities were appealed to today by the family and warrants for the arrest of the couple will be sworn to and an effort to apprehend the pair will be made.

## MISSING GARMENTS FOUND, MONEY GONE

SAN FRANCISCO, Sept. 17.—When John Velasquez, 333 Thirty-fifth avenue, awoke at 6:30 this morning and got up to dress he found his vest and trousers missing. This was the first he knew of the presence in the house of a burglar during the night and he proceeded to investigate. The missing garments were found on the rear porch and an open pantry window told the tale of the robber's entrance. The intruder made his way into the sleeping quarters of Velasquez without waking him. Twenty dollars had been taken from his pocket.

## CALIFORNIA SCHOOLS GAIN 17,335 PUPILS

SACRAMENTO, Sept. 17.—Figures prepared in the office of State Superintendent of Public Instruction Hyatt show that during the year ending June 30, 1912, the schools in the state of California made a total gain of 17,335 pupils with an attendance of 280,465 for every school day during the year. There are in California 10,080 teachers, making a gain of 526 for the year.

## WOMAN PHONES; BURGLAR ESCAPES

Mrs. Overstreet Informs Police But Intruder Is Frightened Away.

Mrs. Louis Overstreet discovered a burglar in the act of attempting to effect entrance from the rear of the flats at 174 Franklin street to her rooms at 21 early hour this morning. She hastily telephoned to the police and watched from the window while the man tried the screens of the windows of several other flats giving upon the area.

The arrival of the police automobile gave the intruder warning and he made his escape before the patrolmen entered the building. The man was a typical "yegg," according to Mrs. Overstreet. He wore a cap over his forehead and a handkerchief about the lower portion of his face.

This is the second time the flats have been entered in the past few days, a woman burglar having entered the place during the day Saturday. The woman pass-key burglar, who has entered several flats and apartment houses in the past few days, is believed to have stolen jewelry and money from the home of Miss Jennie Boyle, 572 Hobart street. A handbag, a pair of glasses, a diamond ring, a watch, a gold bracelet and turquoise ring were taken, the loss being estimated at \$100.

Mrs. M. J. Duffy, 528 Kirkham street, also reported the theft of jewelry valued at \$50 from her home, entrance having been effected by using a pass key.

Mrs. Katherine E. Filly, 550 Eighth street, reported to the police the theft of a purse containing \$30 from the kitchen of her home. The purse was taken while the family was in the front part of the house yesterday morning.

Joseph Campi, 328 Market street, was accosted by a stranger while on his way home last night and was requested to make change for \$5. Campi consented and received a \$5 paper bill. Later he discovered that the bill was Confederate money and worthless.

## OBJECTS TO MUCH ALLEGED CRUELTY

Wife Seeks Divorce From Rudolph Rovigno de Jakobley.

Rudolph Rovigno de Jakobley, former soldier in the Austrian army, came to America, married and then settled down in Buffalo, New York from which place he was finally asked to move on by the sheriff because he had pretended that he was slain by the "black-hand" when in reality he had not been hurt. Such tricks as that put him in ill repute with the authorities, according to his wife, Elizabeth, who was awarded an interlocutory decree of divorce today by Judge Wells. She said that she had met her soldier sweetheart in June and married him in August 1907, in New York. She left him in September 1908, a year after a series of alleged abuses.

In her opinion de Jakobley had married her for \$2000 that she possessed and in order to have some one who could speak a little English with him in this country. On one occasion she said that he had returned home, accused her of having an affair and pointed a revolver at her head threatening to pull the trigger. He told her if she would own up to the circumstances he would not shoot. In addition, one time he is said to have removed a diamond from her pocket and substituted a piece of glass.

Mary Donald Wilcox has filed suit for divorce today against Jackson E. Wilcox. She alleges that her husband called her names and otherwise caused her great humiliation before her mother and daughter. She further asks that she be allowed to resume her maiden name, which was Donald. The couple lived at 2330 Central avenue, Alameda.

## GOVERNOR MARSHALL TOURING MISSOURI

HANNIBAL, Mo., Sept. 17.—When Governor Thomas R. Marshall of Indiana, Democratic vice-presidential candidate, arrived here this morning he faced a day of speech making and traveling. He took a special train to La Grange, Mo., 30 miles north, where he was scheduled to make short talks.

## BODY OF MAN FOUND FLOATING IN BAY

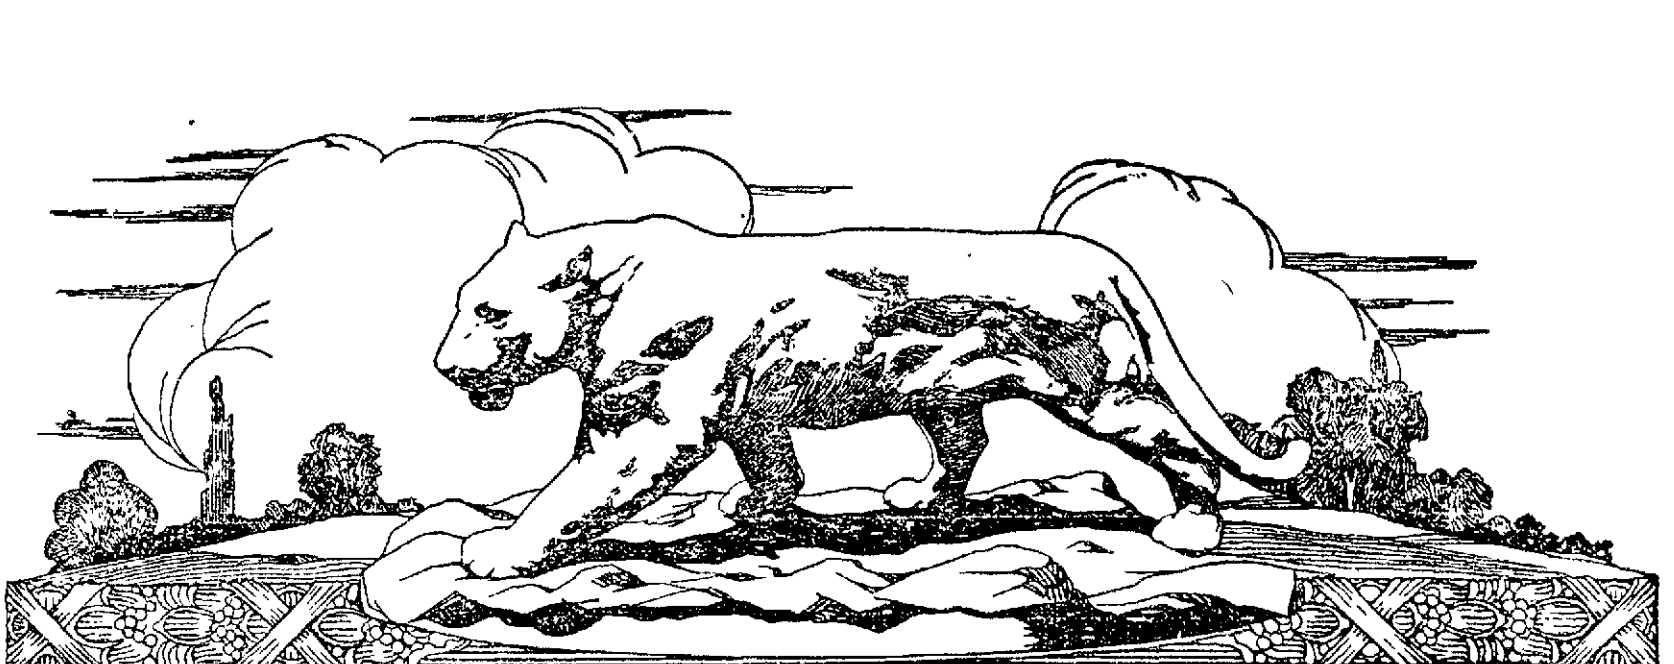

SAN FRANCISCO, Sept. 17.—A. G. T. Co. is being searched for the body of a man floating in the bay at noon. The corpse was clad only in a shirt and evidently the man had fallen overboard from some vessel. The absence of a leg and an arm indicated that the body had probably been cut by the propeller on a steamer. There were no means of identification, the remains having been in the water over two weeks.

## ARGUES HER OWN CASE

SAN FRANCISCO, Sept. 17.—Mrs. Mary Alice Reynolds, who is being sued for a divorce by her husband, William H. Reynolds, a carpenter, began to argue her own case before Superior Judge Graham today, saying that she did not need an attorney. As she was unable to do so, the court appointed one for her.

## SUE FOR ACCOUNTING

Suit for an accounting of their partnership affairs, covering a period of three years, was brought today by E. Feller against H. C. Hanson and E. J. Broberg. It is alleged that the defendants have collected various large sums of money belonging to the partnership, the total amount of which is unknown to the plaintiff, and that they have failed to account for same.

# HADDON HILL

There is room at Haddon Hill for only about 100 fine residences

JUST above the east shore of Lake Merritt—looking right down on the Lake and its bordering parks and boulevards—is a beautiful knoll of a few acres.

Though right in the heart of Oakland, for twenty years it has lain untouched while the city has grown and spread out for miles in all directions.

It has now been developed with the most extraordinary care, and on Sunday next will be placed on sale as Oakland's most beautiful place of residence.

Famous landscape engineers have laid out its avenues and parks.

A famous sculptor has wrought for it enduring works of great distinction.

A splendid flight of marble white steps 140 feet in length connects two principal avenues.

At an expense of many thousands of dollars telephone and electric wires have been consigned to underground conduits—no poles will deface Haddon Hill.

The sterulia—a rare and beautiful tree—has been planted along the avenues.

Bronze electroliers of great artistic merit have been installed.

The macadamized avenues, concrete walks, curbs and gutters are of a superior type.

The shape and size of every lot have been determined on the ground with relation to the lay of the land and the view—which is superb.

The nearness of the property—the large size of the sites (many having an 80-foot frontage)—the proximity to parks and boulevards—the superior improvements—the underground wires—the notable works of sculpture—the matchless view over lake, city and bay—its great natural beauty and limited area—combine to place Haddon Hill absolutely in a class by itself.

## MINIMUM BUILDING RESTRICTIONS \$5,000

Many people have had their eye on this superb spot for years, and considering the small number of sites, it is very possible Haddon Hill will be entirely sold out on the opening day.

# 50% INCREASE

since March 1, 1912, in the number of direct branch offices of the Remington Typewriter Company in the United States.

The importance of this fact to the typewriter user lies in the expansion and development of Remington Service Efficiency.

The two factors of Remington Typewriter Supremacy are Quality and Service. The one goes with the sale; the other follows the sale. The one is in the machine; the other is back of the machine. And both are essential to the permanent satisfaction of the typewriter user.

The great expansion of the Remington Sales Organization has advanced our service facilities beyond any standard attained or attainable in the past. Remington Service was always supreme; it is now incomparably supreme. It goes everywhere and it covers everything. Whether you need in the typewriter service line, whether repairs, carbons, inspections, adjustments, rentals or operators, the means to supply that need are bound to be close at hand if your machine is a MONARCH, a SMITH PREMIER or a REMINGTON.

## GO-EDS ARE TO 'REFORM' DANCES

Filling of Programs Before U. C. Balls Must Stop, They Declare.

UNIVERSITY OF CALIFORNIA, Sept. 17.—Women of the senior class have taken a decided stand against what they consider to be abuses that have crept into the social life of the campus so far as it includes dances. At the first assembly of the class Thursday evening they proposed to put into effect the following reforms:

The dance programs may be filled out before the dancing begins. Women of the senior class must attend the singing that precedes the dance unescorted by men. The social life of the campus must be kept separate from the dance program.

The student newspaper and various members of the student body made an effort last year to prevent the filling out of dance programs in advance of the date of the affair. Many a fair young maid, certain to be much in demand at any of the social affairs, was the recipient of many a request for dances days before the orchestra began its overture. On more than one occasion, within a day or two after a program of dances was announced, the student body was informed that the program was closed to other aspiring men students for the particular social event.

This year the senior women intend putting a stop to premature filling of programs. Sufficient unto the evening with the orchestra began its overture. On more than one occasion, within a day or two after a program of dances was announced, the student body was informed that the program was closed to other aspiring men students for the particular social event.

## MOTHER SEEKS TO ANNUL MARRIAGE

Declares That Son Was Not of Age When He Took Bride.

SAN FRANCISCO, Sept. 17.—Claiming that he was forced into marriage by threats of arrest and that he was not legally of age when the ceremony was performed, Mrs. Jennie Hanson, in behalf of her son, George Hanson, filed suit for an annulment in the Superior Court here today. The couple were wedded last Tuesday, the ceremony being performed by Justice of the Peace Barnett.

George Hanson is a chauffeur for Irving Ackerman, an attorney and theatrical promoter of this city, and was married to the defendant's daughter at San Mateo. There he met Josephine Silver, and the two were quite friendly. It is claimed that recently Mrs. Silver told him that if he did not marry her daughter she would have him arrested, and a week ago arranged to meet him at Ninth and Market streets. Mrs. Hanson, in her suit, claims that her son told Mrs. Silver that he was not of age and was advised by her to swear that he was 22, in procuring the license, which he did.

## HELD ON WHITE SLAVERY CHARGE

SAN FRANCISCO, Sept. 17.—Henry De Lorme, who, for two years, has been serving in the Superior court today on a white slavery charge, was held on a charge of having given away money to De Lorme when she was called as a witness last week, and who was threatened with a perjury charge changed her testimony today. She admitted that for six years she had consorted with De Lorme in Stockton and had occasionally sent him money. His bonds were fixed at \$10,000.

## LAUNCHES ARE NOT PROPERLY MANNED

SAN FRANCISCO, Sept. 17.—An investigation into the manner in which launch parties are conducted on the bay on Sundays and holidays, was begun by Coroner Leland in connection with the inquest over the body of Albert Petzold, a young cooper who was drowned two weeks ago. Testimony was brought out tending to show that a launch goes out manned only by an engineer and containing from 30 to 40 people. There is no provision for life saving and no crew who could aid a passenger in distress. On learning these facts the coroner ordered the inquest and ordered inspectors to be summoned to listen to the evidence and determine whether or not the law was being violated. Petzold fell overboard while on one of those excursions and the passengers were too panic-stricken to aid him.

## BURGLAR WHO KILLED GIRL, DIES IN 'CHAIR'

BOSTON, Sept. 17.—Bertram C. Spence, who as a masked burglar shot and killed Miss Mary E. Jackson at Springfield, on March 31, 1910, paid the penalty for his crime with death by electrocution at the Charleston state prison at 12:13:02 this morning.

BRADFORD REGULATOR CO., Atlanta, Ga.

OAKLAND REPUBLICANS GIVEN TRUE ESTIMATE OF WILLIAM HOWARD TAFT, PRESIDENT, WHO ACTS BUT DOESN'T TALK

J. Adam Bede Addresses Audience at Piedmont Pavilion; Tells Truth About T. R. as Well as About Taft

For the first time in the years since William Howard Taft, has occupied the White House and sat in the highest seat in which his fellow countrymen could place him the Republicans of Oakland learned a few things about the President's personality last night that they had never dreamed of in spite of the fact that he has been here several times with his winning smile, his hearty handshake and his words of friendship.

The great audience that gathered in the Piedmont pavilion listened to a man who knew the President intimately and one who had conspired with him on matters of state and politics. They were told by J. Adam Bede that the President was modest; that he was not egotistical nor bombastic and least of all antagonistic; that when he set out to do a thing he did it in a quiet and unostentatious manner that did not attract the whole country to his every movement and effort, but that he succeeded in a diplomatic way and then when things were done refrained from overhauling his accomplishments.

Reaching this long list of President Taft's diplomatic services, each and every instance a matter of history that will outlive the man and the generation, former Senator Bede convinced his hearers that his were not idle words.

INTRODUCES SPEAKER. Bede was introduced to the audience by Attorney M. C. Chapman, who acted as chairman of the evening.

"Abstaining from the usual formalities on such an occasion as this and coming to the subject at hand, I have the pleasure of presenting to you a man who has done valuable service for his country," said Chairman Chapman.

"Are not men who are complaining the real reactionaries after all?" queried Bede. "And the men who are going along solving problems the real progressives?"

President Taft has been doing something ever since he went into the White House. "I think a great deal of Theodore Roosevelt. He has a great many traits that are admirable. But he is a blackguard, for he called the President of the United States a liar and a scoundrel. But he is not to blame; it is his nature. Even if Theodore is a genius he would still be disqualified for President on account of his temper."

Bede said that he had started out life as a printer and from the first he had been taught optimism.

POINTS OUT PROGRESS.

"The Republican party is the progressive party of the nation. Thinking of the progress of the last 50 years and remembering that it has come under the leadership of the Republican party, progress has brought us problems to deal with, but that progress has brought us progress. We have had progress in the last 50 years, and I should like to see the good old days when men used to sit on their hands and do nothing."

"I was at Cleveland when the President was inaugurated, and that is causing a modern problem, but would any of us want to turn back to that progress? Shall we send our boys back to night work again, because a modern invention has created a problem?"

NOT A TRIMMER. "I called on President Taft at the White House after he had been President for about two years and he was asking me about conditions in the country in the parts where I had been. I told him there was great dissatisfaction over the tariff and that it might be used against him politically. His answer to me was: 'Adam, I would rather be President for two years than a trimmer for the rest of my life.'"

INTRODUCES SPEAKER. Bede was introduced to the audience by Attorney M. C. Chapman, who acted as chairman of the evening.

"Abstaining from the usual formalities on such an occasion as this and coming to the subject at hand, I have the pleasure of presenting to you a man who has done valuable service for his country," said Chairman Chapman.

J. ADAM BEDE.

San Francisco Hears Opinion of Colonel

SAN FRANCISCO, Sept. 17.—Before a crowd that packed the National Theater last night, John Marshall Harlan, of Chicago, son of the late John Marshall Harlan, associate justice of the United States Supreme Court, and J. Adam Bede, former Congressman from Minnesota, told what the administration of President Taft had really done for the country. They told of what Theodore Roosevelt boasted that he had done, comparing facts with fiction and not hesitating to point out certain discrepancies in the latter.

OAKLAND PASTOR TO ATTEND SYNOD

Rev. Harvey M. Leech Will Deliver Sermon in Los Angeles.

The pastor of the First English Evangelical Lutheran Church, Rev. Harvey M. Leech, will leave Thursday morning for Los Angeles to attend the twenty-second annual convention of the Synod of California of the Lutheran church and will deliver the sermon in the First Lutheran Church of Los Angeles next Sunday morning.

The woman's missionary convention of the synod will meet at the same time and place in the St. Mark's Lutheran Church, Rev. J. W. Ball, Ph.D., pastor. Mrs. Elizabeth Fowler and Mrs. H. M. Leech will represent the society of the First Church of Oakland at this convention.

The pulpit of the First Lutheran Church of Oakland will be occupied next Sunday during the absence of the pastor at the meeting of the synod by the Rev. Hugh W. Gilchrist, D.D., president of the San Francisco Bible College and of the Mt. Hermon Association. Dr. Gilchrist is a noted speaker and will preach in the morning at 11 o'clock. In the evening at 8 o'clock the Rev. S. M. Lutz, chaplain of the United States army, recently returned from the Philippines, will speak upon the subject of "Religious Conditions in the Philippines."

'WHITE SLAVERY' THEME OF TALK

Miss Pauline Boylan Speaker at the Broadway Theater.

Miss Pauline Boylan spoke here last night to a large audience at the Broadway theater on "The White Slave Traffic," and her lecture was a bitter condemnation of the methods employed by purveyors and others to lead young women into a life of shame and degradation.

There were tears in not a few eyes. The lecture is one that should not be missed by anyone under any circumstances. It is interesting, educational and touches a lesson to the fathers and mothers and to young women themselves that they will not soon forget.

Four pictures and moving pictures are on the bill with Miss Boylan, which brings the show well up to the Broadway record.

He is a man who aspires to be President of the United States, it is fidelity. But I give it to you that Theodore Roosevelt is not a man of his word—that he is a breaker of his word."

"WHO'S A LIAR?" "He is a liar," shouted a voice in the audience. "Do you say he is or I am?" demanded Harlan.

"Theodore Roosevelt, I'm a New Yorker and I know the reply. To prove his charge of infidelity Harlan told how Roosevelt, on taking the oath of office after William McKinley had been assassinated, pledged himself to carry out the policies of McKinley.

"At the moment the assassin's bullet struck him," said Harlan, "McKinley was announcing in a carefully prepared paper his policy for the expansion of American empire. He proposed maximum and minimum schedules to secure more advantageous trade relations with those countries with which we were carrying on our commerce. Theodore Roosevelt pledged himself to carry out McKinley's policy, but to the time he left the White House he never so much as turned his finger toward the furtherance of this policy."

"Theodore Roosevelt is not a man of his word. Great words with him do not mean great deeds. They are merely the stage thunder of the play actor and pretender."

Harlan told also how Roosevelt was cognizant of the Harlan contributions, although he wrote a series of letters in 1904 pretending to know nothing of the money paid over by the railroads. Letters just released, however, show his insincerity. He commented also on how Roosevelt had garbled the record in releasing the Harlan contributions.

A FEW STATEMENTS. At the same time it was announced that Cortelyou would be postmaster general. He would therefore be empowered to make the contracts for carrying the mails. The Chicago, Burlington and Quincy road failed to contribute. It was punished by being prosecuted for violating the interstate commerce law.

"After the Harlan case first proceedings were stopped," said Harlan, "\$48,925.50 was presented to the Roosevelt campaign fund by Mr. Perkins out of the insurance money of widows and orphans. Sure, it was returned through the persuasive influence of an indictment. Mr. Perkins has made a fortune out of it. He wears his stripes vertically instead of horizontally."

"After Bonaparte refused to quash the harvest trust case Perkins called on Roosevelt and he ordered that the money be returned. Perkins was told that nothing was done until after Taft ordered the suit brought and it was brought. Afterward Perkins gave a check for the amount of \$10,000 in the treasury in the Republican National Committee. It has not yet been paid."

RUSS AVERY SENDS IN HIS RESIGNATION

LOS ANGELES, Sept. 17.—Russ Avery, chairman of the Republican county committee, sent his resignation as a member of the National Republican committee to National Chairman Charles D. Hille yesterday. Avery said that he was a progressive and supporter of Colonel Roosevelt and that he therefore resigned his office.

FUSILLADE OF BULLETS PUTS BURGLAR ON RUN

RICHMOND, Sept. 17.—An attempt to loot the homes of H. G. Young and Charles Robertson in the northern section of the city last evening was frustrated when a laundryman in the vicinity saw a man jump over the fence into the rear yard of Young's residence. The laundryman at once notified both Young and Robertson and the three went on a man hunt. The intruder heard the men coming and disappeared over the rear fence, followed by a fusillade of bullets from their revolvers.

A number of burglaries and attempts have taken place lately and the men of families have been calling on their old guns and revolvers. The police are aiding by running out of town every suspicious looking character encountered.

Nature's Way Is The Best.

Buried deep in our American forest we find bloodroot, queen's root, man-drake and stone root, golden seal, Oregon grape root and many others. Of these Dr. R. V. Pierce made a pure glyceric extract which has been favorably known for over forty years. He called it "Golden Medical Discovery."

This "Discovery" purifies the blood and tones up the stomach and the entire system in Nature's own way. It's just the tissue builder and tonic you require when recovering from a hard cold, grip, or pneumonia. No matter how strong the constitution the stomach is apt to be "out of kilter" at times; in consequence the blood is impure, the stomach is the laboratory for the constant manufacture of blood. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body. The weak, nervous, run-down, debilitated condition which so many people experience at this time of the year is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin—you feel "blue."

"More than a week ago I was suffering with an awful cold in my head, throat, breast and body," writes Mr. J. G. Kent, of 210 E. Street, S. E., Washington, D. C. "Some doctor told me to take a bottle of your 'Golden Medical Discovery.' I tried a bottle and it did me so much good that I feel ever took. My health is much better than it was before using your medicine. It does all you claim for it and is satisfactory."

## Annexation for Vain Glory.

The counties which are threatened with violent dismemberment by the constitutional amendment that San Francisco has invented and is pushing upon the voters of the State, have rights that California should respect. Their proposed dismemberment cuts out of them their most valuable parts and most of their taxable assets. The proposed amendment makes this outrage possible by a majority vote. It is history that most of the county divisions in this State have been attended by corruption. The spoil at stake in those divisions was not large, but it was a sufficient temptation to the use of corruption to get hold of it. San Francisco in her dismemberment scheme is lured by a spoil of hundreds of millions of dollars gained by the enterprise and foresight of her neighbors. It is a prize so colossal as to warrant the expenditure of an enormous sum to secure it. This sum will be spent in the colonization and corruption of voters, while the incorruptible will be urged to support the scheme in order to share in the glory of belonging to "Greater San Francisco."

The east side of the bay in Contra Costa and Alameda counties has grown, not by reason of nearness to San Francisco. That city has been no factor in the east bay growth. The expansion in population and manufactures and commerce on the east side has been caused by a superior natural position and by the far-sighted enterprise of its people. Oakland deserves the united support of the people of the interior of the State, for this city is helping them. The people of Oakland have taxed themselves to secure for the producers of the State a commercial facility on the bay that San Francisco has never created and never will. In Oakland we are developing a harbor where ship and car come together, where the products of the interior that come by water for rail export can be loaded from boat to car without drayage charge, and where deep water commerce between the interior and foreign countries can be in like manner transferred without adding to the cost of transportation. This is the modern facility, the cheapest means of handling commerce, and it adds to the profits of the producer. Whenever the proposition to so facilitate commerce has been made San Francisco has fought it regardless of the interests of the interior.

Oakland, the leading city concerned in the proposed grab by San Francisco, appeals to the State. We appeal to the people to prevent the carnival of corruption which this amendment will cause. We protest against the greed of San Francisco which seeks to despoil us, and to take for that city millions that she has not earned, thereby ruining those who have earned it.

If anyone is in doubt where to settle, grow up with the country and become a member of the malefactor rich, let him read the booster edition of the Byron Times, and he will buy a farm in Contra Costa county and be happy ever after. Contra Costa is a wonderful county or the editor of the Byron Times has Baron Munchausen beaten a mile as a romancer. He pictures Contra Costa county as a land of big crops, big opportunities and big-hearted people, and invites all the world and his wife to come and see for himself. The Byron Times is a great booster and it is printed in a great county. Here's success to both.

The Rockefeller scientists are organizing for an attack on the hookworm in the mountains of Eastern Kentucky. Perhaps the hookworm should be exterminated, but we are under the impression that the worm of the still is the most dangerous reptile in that region. Uncle Sam has been trying to exterminate it for many years, but without success.

## The Science of the Child.

The homely art of training and developing future citizens has not kept pace with the growth of the recognized sciences. Children today are deprived of much which makes our boyhood or girlhood a hallowed memory—the old homestead, the big families of brothers and sisters, the sacred legends of Mother Goose, the Arabian Nights and dear old Santa Claus—the democratic and sympathetic atmosphere that made the word home mean something more than a house and garden, and usually drew its benediction from a sweet-faced, patient woman of "the old sort."

Children today are deprived of many treasured illusions and nothing is offered in their stead, save the ideas, troubles, vanities, falsities, and even the clothing of the grown-ups. Instead of preserving youth, the tendency is to choke it with pre-natural maturity, accounting for the hard, drawn, wise, little faces of the children who stalk through the streets by the sides of their parents.

The problems of the higher cost of living, equality of the sexes, politics, the increasing competition in all lines of industry and the necessity for eternal vigilance to prevent some one stealing our loaf of bread, has unfitted the average parent to give his or her child the wise, careful and loving training that is to make the next generation better than the present.

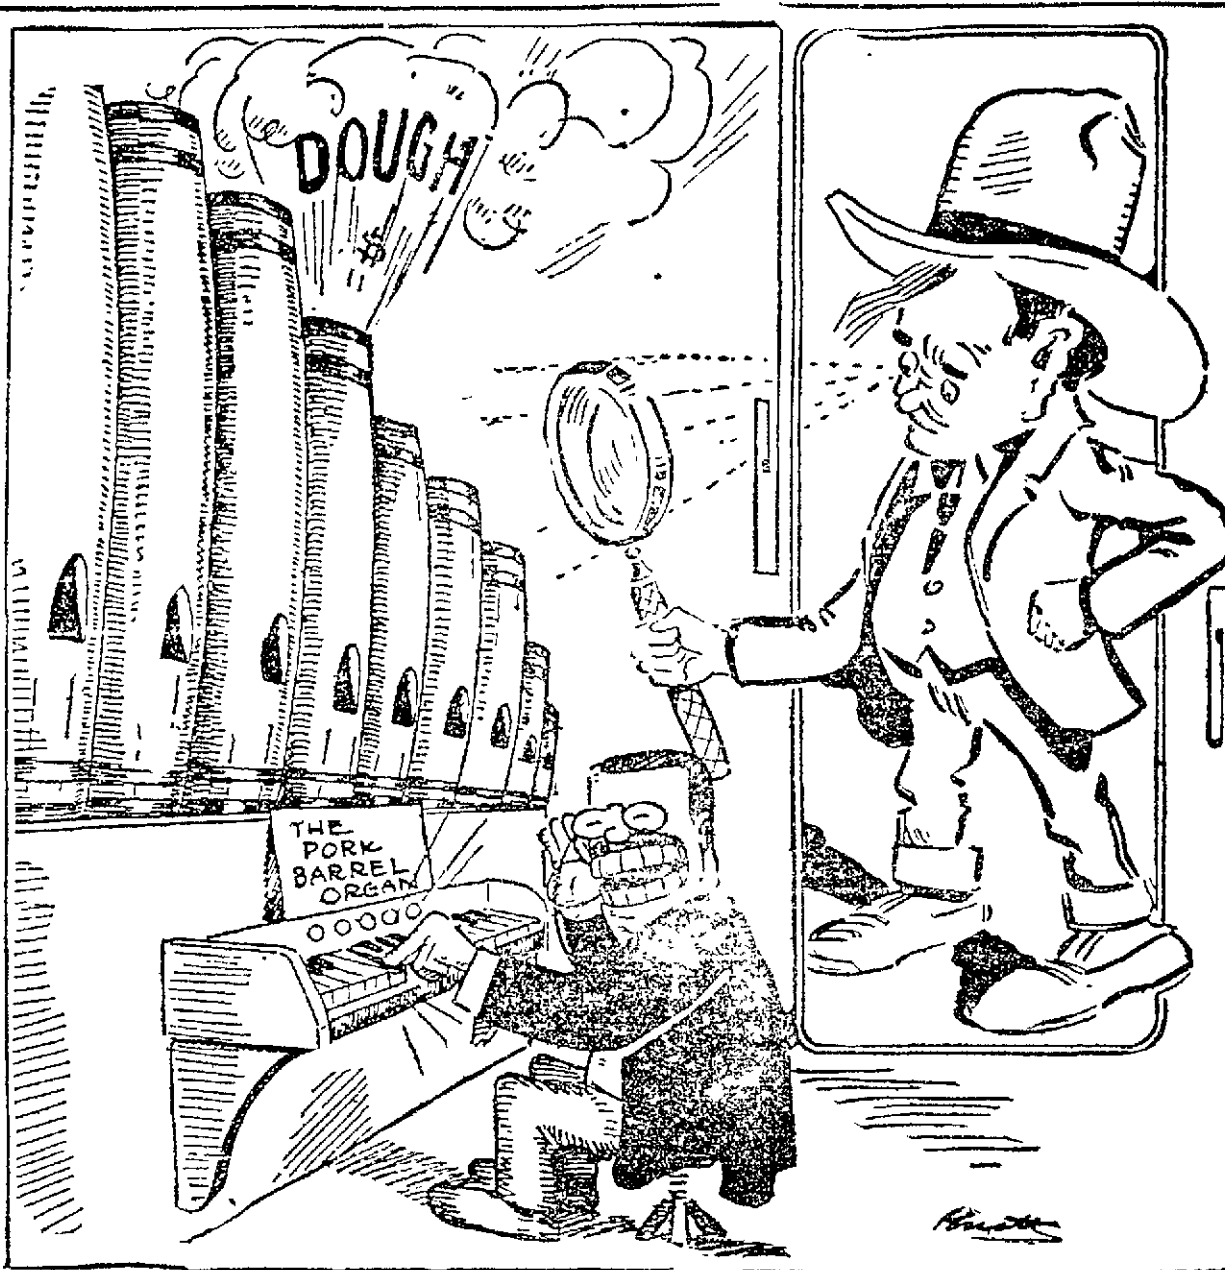

The American public school system is an excellent institution—probably the most successful of its kind in the world—yet, even there, youth is hurried into precocity and the character of the child is molded with a view to the material value of the three R's rather than the laws that govern humanity, and the ideals that will go to make the world broader and better.

The Playground Commission, the Child's Welfare League and the Mothers' Clubs attached to many of Oakland's schools are an indication that thoughtful men and women are awakening to the necessity of developing that most wonderful of all sciences—the art of the little child. The Montessori system, which has found favor here as well as all over the world, is another hopeful sign of the times. The ideals that are born in the heart, conscience and mind of a child, and those which are inculcated by a wise and brave-hearted mother will have more effect upon the progress of civilization than the development of the aeroplane and the conquest of the Poles.

The Maine election is remarkable in that it seems to please everybody. At least, everybody professes to be pleased with the returns. But if the truth was known, we fancy nobody is really pleased with the result. The Republicans won their ticket, it is true, but the majority was so small and so far below the average that they are not inclined to gloat over it. On the other hand, the Democrats may think it augurs success for them in November, but the loss of the State government, a United States Senator and a Congressman takes the zest out of their hopeful anticipation.

Sumner Crosby calls the newspapers which are opposed to his Senatorial candidacy "representatives of crooked business." How it happen, then, that they are not behind Sumner Crosby?

## SOUNDING THE KEY NOTE

—ST. LOUIS POST-DISPATCH.

## Feeding the War Dogs

To a high Canadian official recently returned from Europe is attributed the remark that England and Germany are at this time practically in a state of war owing to the vigorous manner in which each power keeps surveillance upon the other. His own observations were undoubtedly made under a disposition to determine the exact situation, and his frankness in imparting his views to citizens of the Dominion is to be commended. Rumors of strained relations and tangible evidence of such have been going about from one side of the Atlantic to the other for some time in regard to England and Germany. Veiled reports of precautionary steps taken by each power in the event of an emergency have been commented upon by those familiar with the situation.

Summing up what has been manifest during the last few years, there seems to be some reason for the judgment reached by the Canadian statesman.

In the first place, we have observed that each power seeks to outwile the other in the building of a larger navy. Both seem to go ahead almost blindly in taxing the people for greater battleships, for modern dreadnaughts the value of which is estimated in the millions of pounds. Neither side seems willing to declare an armistice in this particular. The people ask, "What is the use of the navy if we are never going to war? Why not desist in the building of battleships and let our armament remain on its present plane?"

But for many years English comic periodicals have ridiculed the French and the Germans and taunted them with what would happen in the event of war. The people have enveloped themselves in a war-like atmosphere and at the same time have overlooked the old saying that the best way to preserve peace is to prepare for war. They are tired of the constant preparing and consequent expense and seem all but clamoring for a "show-down."

Just where it will all end is indeed a matter of conjecture and not a light one at that. Nations, like individuals, have their jealousies and provocations. Rivals for the hand of power, they are at times liable to throw discretion to the winds and with it that safety valve—Arbitration. The battle usually goes to the strong. In the case of England and Germany it is not only just now how strong, but how long.

## QUEEN EATS TOO MUCH

Queen Wilhelmina, the much beloved queen of Holland, endangers her life by overeating, according to statements made by reputable physicians.

Dr. Leds, one of the queen's own physicians, has said: "As far as I am able to foresee, she cannot remain in good health much longer; she drinks and eats so terribly that gargantuan himself would shrink before the task of making way with the repasts which are served her."

On Queen Wilhelmina's recent visit to Paris it is said that only one thing marred the occasion for her; this was that her time was so fully taken up by receptions, state visits and the like, that her meals were interfered with.

In the morning, according to the queen's program, immediately after rising, she takes a considerable quantity of coffee with five slices of rye bread liberally spread with butter. At 10 o'clock she eats again. This time it is rich cake,

served hot, with red wine or sweet white wine on the side. At 2 o'clock she eats her "first big meal" of the day. This is composed of several courses, mostly rich viands, heavy pastries, etc., the queen partaking royally of each dish. Tea is served at 4 o'clock, the tea being of the Russian variety. Sandwiches go with this. The most important meal of the day is served at 5 o'clock, this being a veritable banquet. Her final repast is partaken of at 11 o'clock, just before retiring, and is of white wine and crackers.

Food served in English fashion and leg of lamb roasted are her predilection among the meats. Rich soups and varieties of all varieties; wines, especially Tokay and champagne, likewise tempt her palate.

But her doctors are in despair. Thirty years old and pretty, the "most gracious queen" is putting on avoirdupois almost daily, and promises to be fair and like-wise fustianate fat at 40.

## SAM HOUSTON'S WIDOW

A pathetic story comes from Oklahoma. There is something queer about the effect that Melissa Houston has had on the people of that State. She is the widow of Sam Houston, the first president of the republic of Texas, now toothless, blind and lame, has been left to die alone of hunger and neglect in her slum, according to the Kluksa custom of leaving old men and women to their fate.

The account says that according to reliable authority "Mrs. Houston is 125 years old." Houston was born in 1792, and if he were still living he would be only 119 years old, or 36 years younger than his "once popular wife." There is something queer about the chronology or else about the statement that the lonely Indian in her widowhood is Houston's widow.

## WITTY BITS

It looks as if Harry Thaw should try to get a change of venue to Virginia! Professor Winslow, who says that the world is going mad, has probably been keeping tabs on the defenses put up by the thieves and other crooks who are getting plucked nowadays.

If Thaw gets another term, about the only favor Southern negroes need expect is an invitation to take luncheon at the White House now and then.

Sidna Allen may be able to make a living in the East West, but one of those New York bandits would starve to death in a real bad man's country.

Wonder what would happen to one of those little .22-caliber New York bad men if a real .44-caliber Western bad man should get the drop on him?

A Yonkers divorcee says that red-headed men make the best husbands; but as she has only had two of them she hardly qualifies as an expert witness.

The railroads are now prohibiting the public drinking cup and the public comb and the public hairbrush, but the public nuisance is still permitted to hog the end seat.

The average "tried and trusty" man is convicted when he is tried, and promoted to be a "trusty" after a few years on the rock pile.

It will be noted from the internal revenue report that there are still a whole lot of people in the country who haven't been killed by cigarettes.—Washington Post.

## 20 YEARS AGO TODAY

The Fred Finch Orphanage near Fruitvale was dedicated yesterday afternoon with much ceremony.

The Oakland ball club scored a victory yesterday afternoon on the Piedmont grounds from the San Jose coast league team, score 8 to 7.

The National Republican League convention was called to order today at Buffalo by Chairman Clarkson. The next convention will be held in Louisville in May, according to the decision of the committee. Seamus of California moved that the pampas plume, selected by California Republicans as their emblem, receive the endorsement of the National League convention. This was accorded with enthusiasm.

The condition of Mrs. Benjamin Harrison, wife of the President, still remains critical. She is lying close to death at the family home at Loon Lake, N. Y.

Queen Liliuokalani of Hawaii has called upon Hon. Arthur Peterson to form a new cabinet, the old one having resigned. The legislature is deadlocked and all political affairs at a standstill.

The Louisiana Lottery has been granted permission to establish itself in Honolulu for twenty-five years, agreeing to pay, for the privilege, a half million dollars annually.

Captain George J. Alsworth and family, who have been camping near Dublin canyon, have returned to their home in Claremont.

Charles Warren Stoddard, formerly of Oakland, is now in New York Harbor. Mr. Stoddard has been spending his vacation.

## LAWS OF OLD JAPAN

One of the most striking changes wrought in Japan during the reign of the last emperor, whose funeral is to cost \$1,000,000, was that brought about by the abolition of the sumptuary laws. Fifty years ago no Japanese could eat a meal, ride in a conveyance or wear a garment without considering whether the law would be offended. Wherever a man's rank, he might not have more than two kinds of soup and six of other eatables at his ordinary meals. Minute regulations were in force as to the quantity of liquor allowed at an official banquet, high dignitaries being limited to three cups and those of inferior rank to two. The use of sedan chairs by men was restricted to the aged and sick.

A nobleman of the highest rank was not allowed to spend more than \$40 on a dress for his wife and the lower orders had to adjust their dress bills to a scale fixed according to their income.—Chicago News

### LAW PARTNER OF TAFT'S FATHER 104 YEARS OLD

NEW YORK, Sept. 17.—William Franklin, once law partner of President Taft's father and the oldest living American college graduate, has started the 104th year of his life as hale and hearty as a man forty or fifty years his junior. Franklin, who was born in 1808, is the father of Mrs. Helen H. Taft, whose husband is the president. Franklin is the only surviving member of the class of '21, Williams College. He was 21 years old when he took his bachelor's degree at that college. Upon graduating from college he went to Cincinnati to practice law. It was while in Cincinnati that he met and married his wife, with whom he has since lived. Franklin is the father of the president.

### STATE OFFICIAL HURT IN ACCIDENT ON GRADE

SANTA ROSA, Sept. 17.—E. E. Butterfield, superintendent of construction of the State Highway Commission, received a severe injury in an accident on a mountain grade Sunday evening. Five other men were also victims of the accident and some sustained broken bones. Butterfield sustained a fracture of the skull and concussion of the brain. He has been in an unconscious condition ever since the accident, and it is believed that he cannot survive. The four other persons injured were William H. Russell, hip and ankle broken; William Smith, severe injuries to head and arms; William Gibson, severe wounds and ankle injured; W. George, injured in various places on the body; unknown man, badly hurt on head and body. The accident occurred about 7 o'clock on Highway 111, where Butterfield and his workmen were en route from Cloverdale to their camp, about nine miles from that city. A motorcade which came suddenly around one of the turns in the road frightened the team of mules and they dashed off the grade.

### BANKING TO BE MADE SAFER BY UNCLE SAM

WASHINGTON, Sept. 17.—Stirred by failures of national banks during the past few months, Lawrence G. Murray, Comptroller of the Currency, announced today that he would take steps to make banking safer. Federal examiners will be instructed to make diligent inquiry, beginning October 1, into the concentration of the assets of a bank in enterprises controlled by its officers and directors. The Comptroller said he would insist that the books of such concerns be open to the examiner, so that they may determine whether they are money-making ventures.

**FLIP OF COIN WINS PLACE.** SAN JOSE, Cal., Sept. 17.—Supervisor Henry Ayer, who was nominated on both the Republican and Democratic tickets at the recent primary election and who fled the Socialist candidate, W. ## DOCUMENTS MAY CONVICT LAWYER BROTHER OF SLAIN WOMAN COMING

ROSA SZABO, WHOSE MURDER HAS BEEN LAID AT DOOR OF BURTON GIBSON, LAWYER.

### Evidence Against Burton Gibson Expected to Be Strong Enough to Convict Him of Szabo Murder

NEW YORK, Sept. 17.—The arrival of the steamer Kaiser Wilhelm II with Franz Menschik aboard was awaited with eagerness today by Dr. Fritz Fischer, the Austrian consul, and the detectives who have been investigating the death of Menschik's sister, Rosa Menschik Szabo, while boating on Greenwood lake last July. Menschik was expected to have with him official documents which Dr. Fischer will furnish as evidence in the examination of Burton W. Gibson, Mrs. Szabo's lawyer, who is locked up in the Orange county jail at Goshen, N. Y., on a charge of murdering Mrs. Szabo.

Foremost in importance among these documents is the certificate of death of Mrs. Petronella Menschik, Mrs. Szabo's mother. Dr. Fischer alleges that Mrs. Menschik died in Vienna in 1910, and upon this assertion brands as forgery a waiver attached to the will, purporting to have

been signed by Mrs. Menschik a few days after Mrs. Szabo's death. During the forenoon there was scheduled a hearing before Surrogate Fowler on Dr. Fischer's petition to have Gibson removed as executor of Mrs. Szabo's estate.

### YOUNG CONVICT MAKES ESCAPE

Folsom Prisoner Allowed Trust, Takes French Leave From Prison.

SACRAMENTO, Sept. 17.—Taking advantage of the trust placed in him, on account of his youth, Harry McGovern, aged 19, serving a three-year term in Folsom prison for grand larceny, yesterday made his escape from the prison farm, located outside the walls. His absence was noted about 3 o'clock and the general alarm was sent out to the countryside about the institution.

McGovern is 5 feet 5½ inches tall, weighs 141 pounds, has a fair complexion, regular features and is considered fairly good looking. His eyes are light blue in color, his hair dark brown. He has several moles on his left cheek, one large mole on his right cheek and has an oblique scar over his left eyebrow. His right forearm is tattooed with a design showing a woman's lower limbs.

The escaped convict was received at the Folsom prison January 2, 1911, with a three-year sentence hanging over him. He was a good prisoner, according to Warden Johnston, and was considered a likely youth to parole. He was given a chance to become accustomed to farm work against the time that he should be paroled, he was set to work on the prison roads outside the walls. The work he believed to have become too tedious, resulting in his escape.

### NEW YORK GIVES NEW PRIMARY REAL TEST

ALBANY, Sept. 17.—The first real test of the new direct primary law took place today when enrolled voters throughout the state will be given an opportunity to vote on the various candidates designated for nomination by party committees and for delegates to the coming state convention. The nominees include candidates for Congress, Senate and Assembly.

### ALL CIVILIZED NATIONS WILL BE REPRESENTED

Under the new law the Progressive party cannot participate, but must nominate petitions with the secretary of state on or before October 1.

### VETERAN DIES

Major David Wells, a veteran of the Civil war, 80 years old, and for many years inspector in the employ of the department of Agriculture, dropped dead here yesterday afternoon. He was a member of the Order of Loyal Legion and of the Army and Navy Club of Washington. One of his sons, Chester Wells, is a commander in the United States navy and is now at San Francisco.

## BULL MOOSE DUEL FIERCE IN NEVADA

Flanigan Demands Accounting by the Manager of Roosevelt.

RENO, Nev., Sept. 17.—Patrick L. Flanigan, national committeeman of the Bull Moose party in Nevada, has demanded from Colonel Charles R. Reeves, former Roosevelt campaign manager in Nevada, an accounting of the funds furnished him by Joseph M. Dixon, amounting in the neighborhood of \$1200, and threatening criminal prosecution and disbarment in case the demand is not complied with.

In a letter of bitter denunciation Flanigan charges Reeves with misappropriating the funds and first Friday, September 13, at 10 o'clock, as the time when the accounting should be given in the presence of Meyer Lissner from Los Angeles. Bull Moose leader in California, Reeves paid no attention to the demand, and Lissner, Flanigan and Roosevelt met in conference in regard to the matter on the train following Roosevelt's visit here last Saturday.

Flanigan's letter has created a decided sensation. In it he refers to Reeves as a "most despicable and disreputable liar" and no language in his vocabulary is sufficiently severe to appropriately utter his contempt for him.

Following this terrific arraignment, Flanigan threatens to lay the matter before McNeill McCormick, Joseph M. Dixon and George C. Peckham.

Reeves when seen admitted receiving the letter, and stated that he was prepared to meet any attacks made upon him. "I will stum the state of Nevada," said he, "and I will tell the people some of the inside history of the Bull Moose movement. I will fight Flanigan, Springfield and Sumnerfield to a finish."

Sumnerfield is the Bull Moose candidate for United States Senator, and Springfield the candidate for Congressman.

### TWO VALUABLE RECIPES FOR THE HAIR AND SKIN

Washing the head with soap results in discolored, "stringy" hair and a scalp that is dry and scaly or unduly oily. Shampooing with canthrox soon corrects the condition that causes this, and a teaspoonful dissolved in a cup of hot water is ample for the thickest head of hair. Canthrox is soothing and invigorating and not alone cleanses thoroughly and completely, but stimulates the hair roots to healthy activity. Hair shampooed with canthrox is always soft, fluffy, lustrous and of a rich, even color.

Women having envious complexions invariably use just a plain spumax lotion, which is a great natural beautifier. This is made by dissolving 4 ounces spumax in ½ pint with hazel or hot water to which has been added 2 teaspoonfuls glycerine. The lotion dries quickly and cannot be detected when on and gives to the finest complexion an added charm and elegance. It is especially good to clear the skin of pimples, blackheads, blotches, sallowness, oiliness and other complexion defects and to protect it from harsh or cold winds.

### CANCER CURE REMAINS UNDISCOVERED, HE SAYS

MUNSTER, Prussia, Sept. 17.—Professor Vinzenz Czerny, surgeon and bacteriologist at Heidelberg university and a world famous investigator of cancer, has sent a communication to the German medical congress dealing with the latest reported cancer cures. A specific remedy for cancer has not yet been found, he says, and possibly never will be discovered. The widely heralded chemo-therapeutic treatment by metallic salts, the professor continues, only rarely has cured mice and it is too dangerous as yet to apply to human beings.

### Climate Failed; Medicine Effective

It has been absolutely shown that rest, fresh air and good food do help many persons suffering from Tuberculosis. But it must be admitted that the climate seldom more than "arrested" something more is needed.

Eckman's Alternative is a medicine made for the treatment of Tuberculosis. It has conquered the disease again and again. Often these benefits have been effected where the surrounding climate was not ideal yet recoveries resulted. Now we argue that Eckman's Alternative should be used in every case of Tuberculosis, in addition to good nourishing food and fresh air, which we all need. A remarkable case follows:

"Gentlemen: Through Eckman's Alternative I have been saved from a premature grave. On December 14, 1904, I was taken with Typhoid Pneumonia. My lungs became very much affected, my sputum was stained and Tuberculosis. Bacilli were found. On February 21, 1905, I was advised to go to Fort Worth, Texas. While there an abscess on my right lung broke and discharged. I grew weaker and became very much emaciated. My physician informed me that I must go to Colorado as quickly as possible. I left Texas June 2, and arrived in Canon City, June 3, very feeble. After being there two weeks, my physician informed me that my case was hopeless. Three weeks later I returned home, weighing 105 pounds, the doctor having given me no assurance of reaching there alive. Eckman's wonderful remedy for Consumption. Today I weigh 158 pounds. I am stout and well and can do any kind of work about my grain elevator. I have not an ache nor pain to mention. I sleep well, and never feel better." (Signed affidavit) ALFRED WEAVER, 1700 E. 1st St., Fort Worth, Texas. Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. For sale by The Owl Drug Co. and other leading druggists. Ask for booklet telling of recoveries, and write to Eckman Laboratories, Philadelphia, Pa., for additional evidence.

## MUCH TO LEARN IN 'THE LANDSLIDE'

New Kind of Play Coming to  
Macdonough Theater  
Thursday.

If you like to laugh at jokes with real humor in them, if you rejoice in sparkling epigrams full of real wit, if you can enjoy characters and situations surpassingly ridiculous—then 'The Landslide' is the play you want to see.

It comes to the Macdonough Thursday, Friday and Saturday with a matinee Saturday.

If on the other hand, you are a sober, thorough-going citizen finding delight in weighty questions and vital problems, 'The Landslide' will appeal to you on account of the sound wisdom and truth which underlies all its wit and humor. You will be specially interested in its view on religion and politics, business and politicians' millionaires and workingmen.

For the thing that makes this a new kind of play is the fact that it is funny without being foolish and witty and sarcastic without being coarse or mean. Then again, although it deals with the vital problems which confront every one today, 'The Landslide' does not preach or tell morals or explain doctrines or burden you with problems. These things are all so subtly mixed in with light, flashing fun that the audience is kept in a state of continuous laughter.

But the seed of truth is sown and when the laughter has died down it gives rise to sober thought on the why and wherefore of the conditions in American life today.

The millionaires who see this play and those who hope to be millionaires can enjoy it as well as the plain working man and the common people for whom it has special significance.

Stitt Wilson, mayor of Berkeley, has been secured by the management to discuss the play between the second and third acts at each performance.

Vida Barry, well known in Oakland as a former leading lady at the Liberty theater, heads a cast of exceptional players including some of the original cast from Los Angeles, where 'The Landslide' scored a phenomenal success.

Laugh and be happy—think and be wise—see 'The Landslide' this week at the Macdonough theater.

## WOMEN OF ST. JOHN'S GUILD TO GIVE NOVEL ENTERTAINMENT

MISS HELEN MESSOW, VOCALIST, WHO WILL ASSIST AT ST. JOHN'S CHURCH ENTERTAINMENT NEXT TUESDAY.

What promises to be the most successful entertainment ever given by the organization is being planned by the ladies of the Guild of St. John's church. A number of prominent society women are interested in the coming event, which will be held Tuesday, September 24, at St. King hall, Fourteenth and Castro streets.

The entire program for the entertainment has not yet been completed, but the committee in charge assures an unusually excellent one, having secured much of the local talent about the city to participate.

The women of the Guild are enthusiastic over the prospect for a large attendance and are working diligently to give their guests a good time. Miss Helen Messow, the well known and popular local prima donna who has been attracting much attention during the past months, has volunteered her services. The young women will render several vocal selections, the titles of which will be chosen later.

Felix Locher, another talented local vocalist, has also signified his intention

of contributing a number of selections to the program. Locher has an unusually fine voice and his name on the program will give his admirers a chance to hear him at his best.

A feature of the entertainment will be the singing of Oriental songs. This portion of the program will be handled by Mrs. A. A. Crowley, who has been spending considerable time and effort in getting out a good cast. She has a number of talented amateurs acting under her suggestion among whom is Miss Audrey Best, widely known in church and society circles about the bay counties.

Two passes of note which will be in evidence are the "Old Fashioned Garden" and "Colonial Scenes."

The entertainment will be followed by dancing. Several of the members of the Guild who will be on the reception committee follow: Mrs. M. Gonzales, Mrs. B. Barry, Mrs. Clifton Kroll, Mrs. George Strohbridge, Mrs. A. Mowbray, Mrs. P. Basswell, Mrs. T. B. Coghill, Mrs. I. Duane and Mrs. T. P. Oliver.

## PLANS ADOPTED FOR NEW OAKLAND PUBLIC SCHOOL

'Noise Buffer' to Be Constructed Because  
of Passing Trains

Preliminary plans have been adopted by the board of education for the fifth-fourth and Market street school. The plans were submitted by Supervising Architect J. J. Donovan.

Much difficulty has been experienced in

planning for this school as a number of railroad lines cross in the neighborhood of the school, and the noises from passing trains would make the use of the classroom impossible unless some form of protection such as a noise screen were provided.

The preliminary plans adopted by the board last night are for a six-classroom one-story structure with assembly hall and kindergarten wings. The classrooms are to be ranged round a patio, or open court upon which the large windows will face.

**OPEN-AIR SCHOOL.**  
The windows will be so constructed that they may be dispensed with during pleasant weather, and the school converted into an "open-air school."

The school is to be set back 25 feet from the Market street frontage, with an open court in front. The placing of the school back from the street frontage will serve as a protection against noise.

The main protection against noise from the trains passing the building will be from a concrete and glass corridor running round the structure on three sides and serving as a hallway to gain access to the classrooms. This corridor will serve as a noise buffer, and will make the rooms quiet for school purposes.

**THREE-UNIT SCHEME.**  
The plans presented are on a three-unit scheme. The main building contains the classrooms, principal's office, teachers' lunch room, etc., form the main unit. A graveled forecourt is provided in front of this toward the Market street entrance. The forecourt is flanked on either side by a wing, one to contain the kindergarten department and the other the assembly hall.

Bids will be asked in three divisions, one providing for the main building only, one for the main building and one for the wings, and the third for the main building and both wings. In this way, if the bids should prove too high to bring the entire building within the appropriation, the first and second units, or only the first could be contracted for at the present time, with a view to adding the others later on.

## FEMININE WITS ARE AT WORK FOR OAKLAND

POWER O' PEN  
RELIED UPON  
FOR AID

Prominent Women of County Crowd Headquarters to Enlist in Cause.

Traction and Key Route Employees to Enter Ranks of Letter Writers.

Feminine enthusiasm multiplied by zeal and woman's wit is accomplishing wonders at the headquarters of the Women's Auxiliary to the Alameda County League, formed for the purpose of defeating San Francisco's annexation plot.

Under the leadership of Mrs. Frank K. Mott and Miss Mollie Connors, the women of Alameda county are being organized in every town and district preparatory to a letter-writing campaign that will flood the state with Oakland's appeal for justice.

The rooms on the fifth floor of the Realty Syndicate building, which have been engaged for the exclusive use of the general committee in charge of the feminine side of the campaign, are crowded every hour of the day by women eager to subscribe their names to the "roll of honor" and take up the gauge of battle. Every woman in Oakland, maid or matron, is urged to meet Miss Connors, secretary of the auxiliary, at her desk at headquarters and learn just how she may be of use in preserving the name and fame of Oakland to posterity.

**LEAVITT DELIGHTED.**  
Former Senator Frank W. Leavitt, campaign manager for the league, expressed himself as delighted today with the manner in which the people had so spontaneously risen to the defense of the city.

"We've got the enemy on the defensive already," he exclaimed. "They are trying to apologize for Spring Valley's share in the conspiracy now, but they'll find it an impossible task to fool the people of California in the face of such a campaign of enlightenment as we have started."

Senator Leavitt was particularly pleased at the news that employees of the Oakland Traction Company and the Key Route system had decided to meet in a few days and recommend that all members enroll in the letter-writing crusade and appeal to their friends in all portions of the state to vote against constitutional amendment No. 3. By invitation the superintendent of each division will address the meetings and discuss the amendment and its possible consequences.

**LABOR IN LINE.**  
Labor organizations throughout the state are also expected to take similar action as well as all the trade associations and social and civic clubs.

Wilbur Walker, secretary of the Merchants' Exchange, discussing today the importance of the letter writing crusade, declared:  
"We must have votes from the interior of the state. We must let the voters of other communities know what danger there is in the proposed amendment and how necessary it is to regulate it to the scrap pile of exposed inequities. Much good work can be accomplished by individual effort. A personal appeal to some friend in the interior will bring its results on election day. A heart-to-heart letter explaining the scheme that the originators of proposed amendment No. 3 sought to conceal in its cleverly worded provisions may

JOHNSON HAS BUSY  
TOUR IN ILLINOIS

Is Scheduled to Make Eleven Speeches in State; Invasion Near End.

PEORIA, Ill., Sept. 17.—On the second day of his Illinois tour Governor Johnson was scheduled to make 11 speeches today in the central and southern part of the State. He planned to speak at Lincoln, Clinton, Bloomington, Champaign, Tuscola, Decatur, Springfield, Taylorville, Pana and Vandalia during today and in Centralia at night. The Illinois invasion will end tomorrow in the central-eastern part of the State either at Paris or Danville.

open the eyes of some voter who may not have given the subject a thought. It may start him right so that he will vote right. Send him some of the league's literature advancing arguments against the proposed amendment.

A request from you to digest it carefully will give it added importance. If he is a voter of good judgment, with a keen sense of justice and fairplay he can be counted upon to stand with the Alameda County League in the battle to save the cities of the east bay shore.

**WHY NOT DO IT NOW?**  
"Do not put off this letter writing. Sit right down now, make a list of your friends in the interior and start immediately to convert them to our cause, bearing in mind always that the cause of the league is the cause of every voter and taxpayer not only of the cities of the east bay shore, but also that of every important city of the interior. If you get your friends converted they will convert their friends in turn and this chain of crusaders for justice and right and fairplay will assume such proportions that it will play a most important part in the defeat of the interests on election day."

**MANUFACTURERS GIVE AID.**  
The manufacturers of Oakland are going to assist the Anti-Annexation League in flooding the state with literature advancing arguments against the adoption of constitutional amendment No. 3. This encouraging information was conveyed to the executive committee of the league at a meeting held yesterday afternoon at its headquarters, room 519 Realty Syndicate building.

The plan is for the manufacturers to include the literature with every bill, invoice or communication they send out to their customers. This will be supplemented with personal letters.

A similar plan is to be followed by the realty dealers and other business men of the city. It is calculated that through these channels hundreds of thousands of the pamphlets will be placed in the hands of the voters of the interior. The personal appeals that will accompany them will insure them a careful reading.

REQUA SAYS CHANGE IN  
COUNTY SYSTEM IS NEEDED

Declares Centralized Controlling Body Should Dictate Policy

By M. L. REQUA,  
President Alameda County Tax Association.

Under the existing system I do not see how it is possible to materially reduce the inefficient expenditure of public money. This means a tax rate too high, because we do not get value received for the dollar spent. Of course, it can be to a certain limited extent controlled, but there is a basic trouble underlying the situation, which must be corrected before we can hope for real efficiency.

It is this, the Board of Supervisors of Alameda county have really little control, I might say almost no control over the other county officers. There is an absence of any centralized controlling body to dictate the final policy. We must have a new system of elective and appointive officers, removed as far as possible from politics, with civil service, efficiency and the merit system. When this is worked out with a proper accounting system to back it up we may hope for marked relief.

## RECORDER'S OFFICE AN EXAMPLE.

The county recorder's office has been shown by the Tax Association to be inefficiently run. Their work is much as 40 per cent saving in the operation of the office. This is but one example of many. The Board of Supervisors have really no authority to demand the changes urged in our report. It rests solely with the county recorder, who is elected by the people and is responsible to them.

There is also an absurd duplication of work. Each incorporated city or town in Alameda county has its set of officials, so has the county, with the result that assessors, treasurers, auditors, etc., etc., are multiplied beyond reason and with resultant expense.

You must also keep in mind that Alameda county is growing year by year and that in ten years or possibly less the amount of taxes to be raised may be double what they are now. Values and population will increase correspondingly, so the ultimate

SWINDLER SENT  
TO ISLAND PRISON

Maurice Chaney, Fake Commission Merchant, Gets Stiff Term.

SAN FRANCISCO, Sept. 17.—Maurice Chaney, alias Edwin Foster, who swindled farmers in Alameda county and in the Sacramento valley, was sentenced to four years' imprisonment on McNeill's island by Judge De Haven in the United States District Court this morning. The extreme penalty is five years, and the heavy sentence was given by reason of the wholesale manner in which the swindler was conducted.

Chaney operated a store on Drumm street in this city, and through the mails purchased produce, offering figures above the market price. He then sold below other merchants and pocketed the money. He was charged with using the mails to defraud and pleaded guilty.

Sadie Holcomb, accused of the same offense and alleged to have been connected with Chaney's concern, was arrested in Los Angeles and has pleaded not guilty. Her trial is set for tomorrow and some sensational story is expected.

This is not a blanket whitewashing of all the officials of Alameda county. Some of them are more efficient than others, and are doing the best they can under the conditions existing. Some of them should be replaced. To reach the proper solution of the problem it needs an entire reorganization from top to bottom.

This cannot be done today, tomorrow or next month. We will no doubt often wonder whether we are making any real headway, but I know that with patience and the proper use of the opportunities at hand we can do all that we have set out to do and more, provided always and, of course, we have the hearty support of the citizens of Alameda county. This I have faith we will get if we deserve it, and not otherwise.

'LOOK IN HIS EYES'  
TOLD DESERTION

Ivy Mae Clark Declares That Husband Treated Her With Cruelty.

"I could see by the look in his eyes that I was a deserted wife," declared Ivy Mae Clark on the witness stand in her effort to obtain a divorce from Dr. J. Emmett Clark of Alameda. She had reference to one occasion when she went to Sacramento to recover one of their children whom the father had taken to the capital city. From that time on she said, he had not been the same. Dr. Clark is endeavoring to be relieved from paying \$200 per month temporary and \$150 per month permanent alimony which Mrs. Clark asks.

After a week's delay, the Clark case was continued before Superior Judge Ogden yesterday afternoon. Each side related their stories of alleged misconduct on the part of the other. Dr. Clark also seeks to obtain legal guardianship of their children.

## OBJECTS TO DIET.

to living on a diet of cabbage, spinach to living on a diet of cabbage, spinach and macaroni is what is alleged to have caused the mental derangement of her and her husband who had filed complaint and cross-complaint for divorce. Judge Brown said that his wife had been treated with cruelty and she asked the Court to award either of them a decree.

Flora Barnard declares in her complaint for divorce that her husband, Alvin, who is said to be in receipt of an income of \$200 per month uses the greater part of it for satisfying his appetite for

alcohol. She also alleges that he has been cruel and inhuman to her and she asks the Court to restrain him pending the settlement of their difficulties.

Matilda Matson filed suit against Andrew O. Matson and L. L. Gummow, asking for a divorce from L. K. Gummow.

Forage Poison Now  
Blamed for 'Plague'

Kansas Officials Declare Meningitis was Not Fatal Live-stock Disease.

KANSAS CITY, Kans., Sept. 17.—Forage poisoning and not cerebro spinal meningitis is the disease that has caused such an enormous loss of horses in Kansas. This is indicated by results obtained by the research laboratory of the Kansas University here.

The university specialists say that symptoms of the diseases are similar, but post-mortem examinations of the spinal fluids of horses that have died with the plague fail to show evidence of meningitis.

SAN FRANCISCO, Sept. 17.—Letters of administration were granted today by Superior Judge Graham upon the California estate of William M. Woodworth, late professor in the science department at Harvard University, whose father, John Woodworth, was the author of the "Old Oaken Bucket." In his will filed in the past, Woodworth bequeathed a large section of his estate to the university but his property here, consisting of about \$100,000, is to go to a place in Berkeley. PARLIAMENT  
OPENING

Wild Outburst of Factional Feeling Marks Session at Buda Pest.

Cries of Derision and Abuse Greet Count Tisza on Arrival.

BUDA PEST, Hungary, Sept. 17.—The opening session of the Hungarian parliament today was marked by a wild outburst of factional feeling which was prevented from becoming a free fight only through the intervention of party leaders.

The uproar began as soon as Count Stephen Tisza, the president of the lower house, entered the chamber. He was received with cries of derision and abuse, mingled with hissing and whistling. His calls for attention only caused the disorder to break out with renewed violence.

The royal decree opening the session was read without anybody saying a word of it and it was followed by what looked likely to develop into a free fight.

## TALK OF GUN PLAY.

An opposition member tauntingly asked a deputy of the governmental party whether he had his revolver with him. This raised feeling to fever heat, and the members were on the point of coming to blows when Count Julius Andrássy and other leaders intervened and separated the deputies who had threatened each other. The tumult, however, continued.

Only a few spectators were in the chamber and neither police nor military appeared, although disorder had been anticipated.

## CLOSED IN TUMULT.

Stormy scenes also were witnessed in the Hungarian parliament during its closing sittings in June last which culminated in an attempt being made to assassinate Count Tisza. The president of the chamber was shot at three times by an opposition deputy, Julius Kovacs, who then fired two bullets into his own body, wounding himself seriously. The count escaped unharm.

Count Tisza was elected speaker May 22 last. He is an opponent of universal suffrage and on this issue his election was contested with a big battle which resulted in violence in the chamber and in bloodshed on the streets.

Another Birdwoman

Miss Bernetta Adams Now Only One of Sex Holding This Honor.

WESTBURY, N. Y., Sept. 17.—The awarding of an aviator's license by the Aero Club of America to Miss Bernetta Adams of Canton, O., calls attention to the fact that she is now the only woman in the country holding this honor. The license was awarded for a series of flights on the motor-drome here, in one of which she attained a speed of 60 miles an hour and reached a height of 1600 feet.

On August 1, 1911, Miss Harriet Quimby obtained the first woman pilot's license in this country, and nine days later Miss Matilda Moisant got her license. Miss Quimby was killed at Boston and Miss Moisant has abandoned flying and given up her license.

STREETS IN  
PEACE

"Gyp the Blood" and "Lefty Louie" Made No Pretense of Hiding.

Rubbed Elbows With Police-men and Stood in Shadow of Station.

NEW YORK, Sept. 17.—For six weeks prior to their arrest, "Gyp the Blood" and "Lefty Louie," wanted as slayers and minutely described in thousands of circulars sent broadcast throughout the country, walked the streets of New York daily.

Twice they attended the mardi gras festivities at Coney Island, and on one occasion they stood almost in plain shadow of police headquarters while detectives supposed to be looking for them passed in and out of the building while for 10 minutes the gunmen delayed with themselves the wisdom of giving themselves up.

This is the gist of a statement given out by ex-Judge Charles G. F. Wabbe, who is defending all four gunmen under arrest.

## WERE NOT HIDING.

The lawyer declared emphatically that "Gyp" and "Lefty" had not been in hiding. We went over the actions of the two men for the last six weeks during which time they were in New York. Not for a minute during that time, he said, could any act of the two be construed as suggestive of hiding.

Wabbe declared that "Gyp" and "Lefty" had walked the streets of New York and Brooklyn daily in plain sight of hundreds of uniformed policemen who were looking for them, and while at Coney Island had rubbed elbows with many of the 800 policemen on duty there. They were preparing to go to Coney Island again on Saturday night when they were arrested.

While not in so many words questioning the picturesque story told by the police of how the wives of "Gyp" and "Lefty" were taken to the State committee because of the resignation of members who have joined the new Progressive party.

## Voters of Registration

Office of John P. Cook, County  
Clerk, Oakland, Alameda  
County, California.

of the Political Code of the State of California, all voters of Alameda County

be able to vote at the primary election to be held on the 15th day of November, 1912, and the general election to be held on the 5th day of November, 1912.

Owing to the fact that there is no provision in law granting assistance to travel to the County Clerk's office for the purpose of registration.

It is important that voters should apply for registration at once, in order to expedite their work.

Such registration began on the first day of January and will be in progress all the time until August 3d, 1912, for the purpose of enabling voters to qualify for the primary election. The voter registration will be a continuous and continuing operation with a gain over and continuing on October 5th, 1912, for the purpose of enabling voters to qualify for the general election to be held on the 5th day of November, 1912.

The attention of voters is respectfully directed to the recent decision of the State Board of Election, in which it is held that a voter must appear in person at the polls in order to join in the signing of any petition.

for at the primary election, to be held September 3d, 1912.

**COUNTRY REAL ESTATE**  
SANTA CRUZ MOUNTAIN RANCH  
1700 Acres at Less Than \$25.00 Per Acre.

This land is 12 miles north of Watsonville, at an elevation of 900 to 1200 feet. There are 35 acres cleared and in bearing fruit; grapes, apples and pears. The balance is covered with timber that will more than pay for the price of the land and for clearing.

There is about 400 or 500 cords of tanbark alone that is worth \$21 to \$25 per cord. There is about two thirds of this land that can be cleared and put under cultivation; the balance will remain as a wood supply and range land. There are numerous springs and fine water right with this land. The roads are very good and are being improved from time to time. This land, after being cleared and planted will at the end of 8 years be worth \$2500 per acre. There are no improvements on this property, and it is NOT A POOR BUY. It is a very good investment into the usual so-called POOR-MAN'S FARM. We will accept one-third cash and the balance can remain long term at 6 per cent. To the man who has about \$20,000 a fine home and a very good investment. We have it here. Price \$35,000.

SERVANT TESTIFIES IN EGGLESTON CASE

When the case of Mrs. Maude Eggleston, who is suing her brother-in-law, Charles H. Eggleston, for \$25,000 damages for alleged alienation of her husband's affections, came up in Superior Judge Charles H. Eggleston, the defendant testified that he had heard the defendant tell Louis R. Eggleston, the husband, that he had better leave his wife, or words to that effect.

She said that she had overheard advice Eggleston that was in the best way out of it, in these words:

"Why don't you leave her there, she can't help you; she is not the wife you want."

Mrs. Alice Johnson Bacon, sister of Mrs. Eggleston, said that she had gone on a visit to her sister's home and for the first few days she appeared to be a loving couple, but that before she left she heard the husband proclaim to his wife that he thought she was perfect, but that he was the victim of circumstances and did not love her any more. Mrs. Eggleston's mother was called on to give the testimony. The case was continued.

## STANDARD OFFICERS STILL IN CONTROL

Buckeye Pipe Line Company  
Managed by Big Concern's Men.

NEW YORK, Sept. 17.—Officers and employees of the Standard Oil company are still in command of the Buckeye Pipe Line company, a former subsidiary of the Standard company, according to D. S. Bushnell, the Buckeye's president, who testified today before a referee in the Standard Oil-Waters-Pierce litigation.

Bushnell said he had been elected president of the Buckeye, Northern and Indiana Pipe Line companies in December, 1911, immediately after the dissolution of the Standard company.

The elections, he said, were held with an hour, at the headquarters of the Standard.

There had been a meeting of the Buckeye's stockholders subsequent to the re-election, Bushnell said. He obtained proxies from the majority holders of 150,000 shares which he sent, he said, to John D. Rockefeller, John P. Archbold, James A. Moffett and other stockholders. They were returned, signed properly.

Thereafter, he said, the directors of the company, took up the organization of the Buckeye company, carrying into effect its part under the dissolution of the Standard.

At the time, he said, the directors elected at the reorganization in December, 1911, were O. S. J. R. L. Bates, W. W. Dill, C. W. Welch and himself. Altogether they owned five shares, he said, out of 200,000.

Five directors, Bushnell testified, had been employed of the Standard Oil company, or its subsidiaries. All got raises in pay immediately after the election, and were made officers of the company. One of them, Welch, was made superintendent of the Signal division displacing a veteran employee named White.

Of the three bids received for the erection of additions to the Fremont high school by the Board of Education last week, the one made by the Standard Oil company, which was made by the Standard Oil company, was the highest.

Such as expensive electric lighting fixtures, and substituting materials in several places, the Standard Oil company's bid was the highest, but the bid was not accepted.

Before the specified reductions had been made, the Standard Oil company's bid was \$79,000; that of Williams Bros. & Henderson, \$58,000; and that of Oliver Duval & Sons, \$50,000.

The bids were referred to Supervising Architect J. J. Donovan and to City Attorney Ben F. Donovan, to be reported back to the Board of Education next Thursday evening. By that time the proposals will have been gone over in detail, and every reduction made that can be effected without impairing the usefulness of the building will be computed in the bid.

It is expected that there may be no delay in starting the work. The Standard Oil company's bid will more than double the present capacity of the building. The first story will be of reinforced concrete, the second of brick and the third of brick and concrete.

Summary of the Markets  
NEW YORK, Sept. 17.—Eastern Steel Co. pay announced for September, 10 per cent to all employees in rolling mills.

Other's Troubles Too Much for This Judge  
CHICAGO, Sept. 17.—Unable to withstand the pathos of the oft repeated tales of man's inhumanity to woman, the pathetic recital of neglected children and the sobs of heartbroken wives who are compelled to leave their homes and their husbands, Judge Charles N. Goodnow, of the Court of Domestic Relations, has asked that he be transferred to some other court.

Goodnow's request is not granted. Judge Goodnow says he will resign from the municipal bench. Chief Justice Olson said last night that he would grant the request.

## EUROPEAN STOCKS IN DEPRESS MARKET

Additional Influence Brought to Bear as Additional Influence.

CHICAGO, Sept. 17.—Increasing European stocks had a depressing effect today on the wheat market here. The fact that freezing weather northwest some 100 miles to do much damage, added additional influence on the bear side. Besides, cash demand was reported only moderate and the movement of grain was unchanged to the lower. The opening was at 90 3/4, a loss of a shade to 90 1/4 and declined to 90 1/4.

There was a further drop in wheat as a result of a big increase in world's available supply. The close, however, was steady, with December at 90 1/4, a net gain of a shade.

Absence of profit from the wheat market of corn. December opened the same as last night at 54 1/2, down at 54 1/2 and seemed inclined to keep within that range.

Later the market hardened a little owing to a frost forecast of frost and because of reports of damage in South Dakota. The close was 54 1/2, net higher for December, at 54 1/2.

Oats ended off with other grain. December started unchanged to a shade up at 32 3/4 and closed at 32 3/4.

Liberal receipts of wheat gave a setback to provisions. First sales varied from last night's level 20 to 25 cents below. For January price, 18 1/2, 18 1/2 and 18 1/2.
